Subject: SUMMIT SPRINGS S.C. - GREEN RELEAF

Elgie,

The attached "IMG\_1212" picture is of a survey of a portion of SUMMIT SPRINGS. Though you probably can't tell from the attached when I measured the distance between the concrete curb & our West property line we own 5' behind & West of the concrete curb on the West side of the attached, so I can't imagine a banner, if we receive & approve it, placed perpendicular & against the concrete curb would be an issue with the City &/or if it was placed parallel to M291 Hwy. with a permit the City couldn't object. Again, I believe the City will only issue a permit for 30 days & that is as long as we will approve same. You or Jay will need to be responsible for removal of the banner. Hope the attached helps & I'll await hearing from you.
