Fwd: 2202 Red Barn Ln Basement Finish

Hey guys,

Thanks so much for getting this home inspected today, I really appreciate it!

-Attached below is a forwarded email from our homeowners that states that JFE left the basement finish off at the correct state of construction that we all had agreed to. Please let me know if this is sufficient so we can take that item off the inspection report. Thanks again!

Thank you,

Cory Tworkowsky

Hi Cory - Yes, JFE stopped construction on the basement at the point we agreed to.

Thank you.
