Pavement-Curb Construction	Nick Scott	Partial	Monday, May 08, 2023

Informational:

1	Misc	1-11-23 DP crew is forming up some curb

1-11-23 DP crew is forming up some curb
4-18-23 NS Site visited to do a proof roll one spot failed but they are digging it out and putting new rock and compacting the rock I will go out tomorrow and check again before they pour more curb.
4-19-23 NS Site visited this morning and the north side sub grade is compacted and passed proof roll they started to pour curb. I will come back once curb is done and check again.
4-21-23 NS Site Visited to do a proof roll for the east side of the building is Compacted and and it passed.
4-24-23 NS BR Site visited and on the east side of the building they are pouring the concrete pad and curb. On Wednesday they will do a proof roll of the south side of the building.
4-26-23 NS yesterday they did a proof roll of the south side and the first one failed. but they re dug out the rock and put new type 5 in and I went back for a second proof roll at 4pm and it passed the dump truck did not have a ticket but I had them fill it full. I will get a concrete ticket.
5-5-23 NS Site visited and the crew is doing the dirt work for the private drive. Daniel asked yesterday for a proof roll and I contacted Steve Robbins and he said since they are not putting down Geo Grid that they will not need a proof roll until they put rock down. I told Daniel to get a compaction test of 95% of the standards Proctor. I will wait until the test is done and upload the document that has been sent to me.

5-8-23 NS Site visited and crew is not working.
