Listed below are requirements from our department for the project noted above. If you have any additional questions, please contact our department for further clarification.

Sprinkler Plan Review

Reviewed By: Jim Eden

Rejected

1. 2018 IFC 901.2- Construction documents. The fire code official shall have the authority to require construction documents and calculations for all fire protection systems and to require permits be issued for the installation, rehabilitation or modification of any fire protection system. Construction documents for fire protection systems shall be submitted for review and approval prior to system installation.

Stamped plans received 7/28/2023.

2. A fire department connection (FDC) is not provided on the drawings. Provide the FDC with a 4" storz type connection with elbow.

The applicant understands that the requirements listed above must be corrected to conform to applicable City Codes and Ordinances.
