Sprinkler Plan Review

Reviewed By: Jim Eden

Rejected

1. 2018 IFC 901.2- Construction documents. The fire code official shall have the authority to require construction documents and calculations for all fire protection systems and to require permits be issued for the installation, rehabilitation or modification of any fire protection system. Construction documents for fire protection systems shall be submitted for review and approval prior to system installation.

Stamped plans received 9/25/2023. The plans do not include Class 1 hose connections at warehouse exterior man doors. Revise the plans and calculations.

The applicant understands that the requirements listed above must be corrected to conform to applicable City Codes and Ordinances.
