Re: Westlake Ace Hardware

3511 SW Market Street

Lee's Summit, Missouri

Gentlemen:

Kansas City Testing & Engineering, LLC was retained by Lee's Summit Retail Partners, LLC., to provide Special Inspection Services for the referenced project.

This is to certify that I or a qualified individual working under my direction inspected and/or tested the following items in accordance with the contract documents.

The items we were responsible for are as follows:

- | | |
|--|---|
| <input checked="" type="checkbox"/> Concrete Formwork | <input type="checkbox"/> Detention basin |
| <input checked="" type="checkbox"/> Placement of reinforced concrete | <input type="checkbox"/> Inspection of Precast fabricator |
| <input checked="" type="checkbox"/> Testing of reinforced concrete | <input type="checkbox"/> Erection of Precast concrete |
| <input checked="" type="checkbox"/> Placement of reinforcing steel | <input checked="" type="checkbox"/> High Strength bolting |
| <input type="checkbox"/> Placement of prestressing steel | <input checked="" type="checkbox"/> Structural welding |
| <input checked="" type="checkbox"/> Bolts installed in concrete | <input checked="" type="checkbox"/> Steel frame inspection |
| <input checked="" type="checkbox"/> Verification of soils | <input checked="" type="checkbox"/> Inspection of structural steel fabricator |
| <input checked="" type="checkbox"/> Excavation and filling | <input type="checkbox"/> Inspection of wood truss fabricator |
| <input type="checkbox"/> Drilled piers and/or piles | <input type="checkbox"/> Sprayed fire resistant materials |
| <input type="checkbox"/> Earth retaining structure | <input type="checkbox"/> Firestopping |
| <input type="checkbox"/> EIFS | <input checked="" type="checkbox"/> Structural masonry |
| <input type="checkbox"/> Smoke control | <input checked="" type="checkbox"/> Other: Post Installed Anchors |
| <input type="checkbox"/> Seismic resistance | |

To the best of our knowledge, each of the items checked above were inspected as required by The City of Lee's Summit and were in general accordance with the approved plans, accepted shop drawings or design engineer instructions. Results of concrete strength tests met or exceeded the project specified minimums. All deviations reported were corrected in the field or accepted by the design engineer.

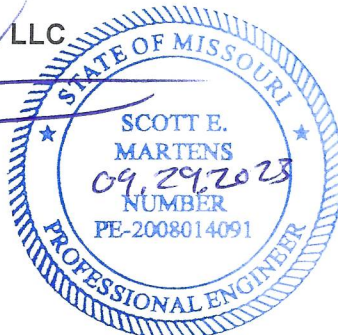

Sincerely,

Kansas City Testing & Engineering, LLC

Scott E. Martens, P.E.

Vice President
