

City of Lee Summit Community Development,

Regarding the home we are constructing at lot 138 Monticello address
4728 Ne Jamestown Dr, Lee Summit, MO, 64064.

After talking to the permit and development department it has been explained to me that I need to change the scope of work. We designed the basement and framed it per the drawing that I am uploading with this letter.

The house will now have a 900 Square foot basement finish added.

I have added a drawing of the basement. The areas highlighted in pink will be finished and the yellow areas are storage.

There will be a bar against the storage wall that I did not put on the drawing. Let me know if I have to add that.

The bedrooms are marked out and the bathroom is marked out.

Thanks for your help on this.
