RE: PRCOM20235121

Dear Joe Frogge,

This letter is update you on the attached owner changes. The demising wall location was shifted over to allow reuse of the existing wall so that the tile floor finishes could remain. A new door has been added to allow the middle tenant to have access to the mop sink and roof hatch. The tenant has requested the addition of a small IT closet. The tenant has also asked if they will be required to submit any additional drawings for permit if they only intend to paint. Please let us know your thoughts so we can relay them to the tenant.

Sincerely,

David Eskov
Architect
