Dear Mr. Petersen:

This is in response to your September 13, 2022 request, submitted on behalf of LS Industrial, LLC, for a time extension of Department of the Army permit No. NWK-2017-00785. The work involves commercial development of an approximate 83-acre project site that will fill stream channels and wetlands located within the development area. Your request has been reviewed and approved in accordance with Federal regulation 33 CFR 325.6. Your permit has been modified to extend the time of expiration until December 31, 2023.

If you do not agree that the new completion date is acceptable, you must notify the District Engineer within 10 days of the date of this letter or be legally bound by the terms and conditions thereof. Please attach this letter to your copy of the permit. Also, further time extensions for this permit will not likely be granted.
