Re: 197 SW Winter Rd

To whom it may concern:

Gale Homes would like to request a final occupancy for permit #PRRES20230111, located at 197 SW Winter Rd. Lee's Summit, Mo.

Our client has contracted with the pool contractor Swim Things to which they have pulled permit number PRRES20234296 to install an in ground swimming pool. Therefore, the rear yard area continues to be under construction past our completion of the house.

We respectfully request occupancy on the residence and allow the pool permit to cover the completion of the rear yard area as the pool is completed.

We appreciate your consideration of this matter.

Respectfully,

Matt Faulkner
