Subject: PRCOM20240579

Dear Mr. Frogge:

My name is Gisela Villarreal Licensed Esthetician and owner of the Beauty Loft. Following up from your feedback on the permit application and design drawings, I'd like to address a few points to ensure clarity regarding my business and its daily operations.

Thank you for giving us the opportunity to clarify that my establishment will operate solely as an Esthetician facility. There seems to have been some confusion on this matter during the permit application process, as it was mistakenly indicated that we would provide massage services. I want to emphasize that I am not a massage therapist, nor do I intend to offer massage services at my facility.

As Estheticians, our primary services include facials and makeup application only. Hair, massages, and nail services are not services we will provide. It's worth noting that our clientele consists exclusively of women and only by appointments, which are scheduled in advance.

Thank you for your attention to these details. Please feel free to reach out if further clarification is needed. Attached to this letter is my state of Missouri Esthetician License.

Sincerely,

Gisela Villarreal
Owner
