Subject: IPR Rejection - Cowboy Carwash Public Infrastructure review comments

Good afternoon Mike,

Review comments for the initial submittal are now accessible thru the portal link. Information noted below is an automated email regarding the project status; you're welcome to contact the respective reviewers with any questions or comments. I'll follow-up with Final Development Plan (FDP) comments as soon as Planning updates their 'pending' status for the review.

Staff has completed the review of submitted documents and comments are provided in the documents section of the application in the online portal. A link to the application is provided below. Please make necessary corrections and upload the revised/additional documentation to the application through the portal link provided below. Feel free to contact Development Services at 816-969-1200 with any questions.
