Revisions Required

One or more departments have not approved the permit and the following is a list of requirements from the City of Lee's Summit that have not been satisfactorily addressed in the plans and specifications. Please address the comments as requested and upload the revised documents and /or additional information to the application through the online portal. Please contact the appropriate department regarding clarification of comments.

Rejected

1. The maximum attached wall sign area for a non-residential use in the "TNZ" zoning district is 6 s.f.. The proposed sign is roughly 8 s.f. in area. Please reduce the sign area to meet the code for this permit.

2. If a reduction in size is not feasible, consider filing a "Sign Application" and appealing to the Planning Commission for a variance to the size requirements. Please reach out to me at 816-969-1605 before doing so, if you intend to go this route.
