Sprinkler Plan Review

Reviewed By: Jim Eden

Released for Construction

1. 2018 IFC 901.2- Construction documents. The fire code official shall have the authority to require construction documents and calculations for all fire protection systems and to require permits be issued for the installation, rehabilitation or modification of any fire protection system. Construction documents for fire protection systems shall be submitted for review and approval prior to system installation.

Revised plans received 5/16/2024.

2. 2018 IFC 901.5- Installation acceptance testing. Fire detection and alarm systems, fire-extinguishing systems, fire hydrant systems, fire standpipe systems, fire pump systems, private fire service mains and all other fire protection systems and appurtenances thereto shall be subject to acceptance tests as contained in the installation standards and as approved by the fire code official. The fire code official shall be notified before any required acceptance testing. The fire code official shall be notified 48 hours before any required acceptance test.

Call (816) 969-1300 for hydrostatic and flow tests.

3. Inspectors test for the dry system was not shown. Provide at a hydraulically remote location. Verified at inspection.

4. The correct address for the building is 1950 SE Blue Pkwy. For information only.

The applicant understands that the requirements listed above must be corrected to conform to applicable City Codes and Ordinances.
