Informational:

1 Misc

7-15-24 DP. Crew paved one side of the private roads from Douglass to the second round about. Crew is going to put temporary asphalt in roundabouts to get started on building permits. With it being stamped concrete, they don't want construction traffic to ruin it. Andy with ESS said the temporary roundabouts should be in place for about 6 months.

7-22-24 DP. Crew is onsite still pouring private road and curb. The are almost to the third roundabout.

8-12-24 RH. Emery Sapp and Sons placed Concrete pavement on Alura Way 45+00 to 47+00 East Bound Lane. Then Alura Way from 49+00 to 52+00 East Bound Lane. Emery Sapp did not call in to city to say they were pouring concrete this morning. Lee's Summit received over a quarter of inch of rain

and no new proof roll was completed. Contractor was almost complete pouring for the day when City inspector arrived on site. Contractor understood risk of pouring concrete without city approval.
