Permit No.: PRCOM20246060  
UES Project Number: J044702.09

Dear Mr. Frogge:

This letter will confirm that UES has been selected to perform Special Inspections on the above referenced project for the items listed below. These services will be conducted in accordance with the provisions of Chapter 17 of the 2018 International Building Code. The activities that we have been contracted to observe include the following:

Engineered Fill  
Foundation Bearing Materials  
Reinforced Concrete

Post-Installed Anchors  
Structural Steel Construction  
Structural Masonry

We understand that the scope of services indicated above is subject to your interpretation of the code requirements. We have assumed that the structural steel and wood truss suppliers have certified fabrication shops. Any changes to our scope of services will be subject to the client's acceptance of an amendment to our contract. Please contact Geotechnology if you have any questions about this letter.

Respectfully submitted,

UES

Peter F. Brull, P.E.  
Senior Engineer

cc: Mr. Brian Maenner – Intrinsic Development
