UES Project Number: A23129.00089.009
Legacy Project Number: J044702.10

Dear Mr. Frogge:

This letter will confirm that UES Professional Solutions 25, LLC dba UES has been selected to perform Special Inspections on the above referenced project for the items listed below. These services will be conducted in accordance with the provisions of Chapter 17 of the 2018 International Building Code. The activities that we have been contracted to observe include the following:

Engineered Fill
Foundation Bearing Materials
Rammed Aggregate Piers
Reinforced Concrete
Wood Construction

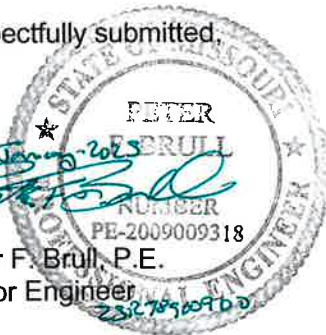

Seismic Resistance
Structural Steel Construction
Structural Masonry
Wind Resistance
Fire Resistive Materials/Firestopping

We understand that the scope of services indicated above is subject to your interpretation of the code requirements. We have assumed that the structural steel and wood truss suppliers have certified fabrication shops. Any changes to our scope of services will be subject to the client's acceptance of an amendment to our contract. Please contact Geotechnology if you have any questions about this letter.

Respectfully submitted,

UES

Peter F. Brull, P.E.
Senior Engineer
