Hi Deb,

Thank you for the call today. I wanted to follow-up via email to confirm next steps for the temp kitchen scope of work at Lee's Summit Medical Center. Per our discussion, Jackson County Environmental Health will not require a plan review for the temp kitchen scope, but you would like to do an inspection prior to the mobile units going online. Prior to the mobile unit going online, the GC needs to call 1 week prior to set up an inspection time with you onsite.

Nabholz,

Debs contact information is below. Please be sure to contact her 1 week prior to going online with the temp kitchen, for Jackson County's inspection. Please let me know if you have any questions or concerns.

Deb Sees
Environmental Health Director
