**Re:** Property #7100 – Lease Agreement dated July 31, 2024 (the “Lease”) between Fort Wayne Matador Inc. (“Landlord”) and TVI, Inc. (“Tenant”), for the Premises, as defined in the Lease, with the address 901 East Langsford Road, Lee’s Summit, Missouri  
Tenant #7100-0001

Ladies and Gentlemen:

As requested, please find enclosed the Final Development Plan Application and the Ownership Affidavit (collectively, “FDP”) executed by the owner of the Premises, Fort Wayne Matador Inc. (“Owner”), to permit Nicole LeBlanc and Interplan LLC (collectively, the “Contractor”) to file the FDP on behalf of the Owner related solely to Tenant’s final development plan for the Premises.

The Owner has executed this FDP document in the spirit of cooperation with and to assist Tenant in its application for a permit for the final development plan for the Premises. The FDP may only be used to submit for permits in strict accordance with the plans approved by Landlord. As you know, Tenant’s plans have not been approved by Landlord as provided in that certain letter dated August 14, 2025 (“Disapproval Letter”) (a copy is enclosed for your convenience). No permission is granted to file the FDP on behalf of Owner until Tenant’s plans have been approved by Landlord or to modify the FDP from that set forth in the approved plans and in no event may the Contractor, or Tenant, to take any action that would affect any other FDP or improvements at the Premises.

The FDP is submitted based on the understanding and agreement that Tenant and the Contractor will adhere to the following conditions, as further provided by the terms and conditions of the Lease: (a) Owner and Landlord shall have no personal liability for any action taken by Tenant and/or the Contractor; (b) Tenant is fully responsible for compliance with all laws and ordinances, and federal, state and/or local requirements, and the payment of all costs associated with any such laws and ordinances and any required permit fees; (c) Tenant is fully responsible for the installation, maintenance, repair, and replacement of any FDP, including but not limited to, payment of all costs of fabrication, installation, maintenance, repair, and replacement; (d) Tenant is fully responsible for any damage occasioned by any work by Tenant or its employees, representatives, agents, or contractors at the Premises; (e) Tenant and the Contractor shall not be permitted to encumber or cause any restrictions or encumbrances to be placed upon the Property.

The FDP does not, and shall not, be construed as designating Tenant or Contractor as an agent or representative of Landlord or Owner in any capacity. The Contractor is an independent contractor engaged

solely by Tenant to submit the necessary applications related to final development plan, and Landlord and Owner shall not be held liable for any actions, decisions, or omissions by the Contractor. Without limiting Tenant's obligations under the Lease, by utilizing the FDP, Tenant agrees to indemnify, defend and hold Landlord and Owner harmless from any and all claims, liabilities, obligations, and all other matters arising out of FDP, any applications or actions taken in connection therewith, and/or the use of the FDP. By utilizing the FDP, Tenant acknowledges and agrees to all of the above conditions, and that all costs and responsibilities outlined above are solely the responsibility of the Tenant.

Please keep our Property Manager, Ryan Curtis at [rcurtis@kinproperties.com](mailto:rcurtis@kinproperties.com) or Ext.170 informed of your progress.

Thank you.

Very truly yours,

KIN PROPERTIES INC.

## FINAL DEVELOPMENT PLAN

### *Purpose of Final Development Plan*

After land use decisions have been made and preliminary development plans approved, staff considers final development plans for each phase of a development. While preliminary development plans include the general concept for the entire development, final development plans include refined drawing focused on one phase of the development. The final development plans must be substantially consistent with the preliminary development plans. The plans submitted with the application should be of construction plan quality and shall include detailed site information, building elevations and landscaping.

Final development plans are required for the following:

- The development of any property for which a preliminary development plan has been approved and no changes or minor changes are proposed. If there are substantial changes between preliminary development plan and final development plan, a revised preliminary development plan is required. (See UDO Article 2 for definition of substantial and minor changes.)
- Building addition onto an existing building that did not require a preliminary development plan, provided that a substantial change would not be created. An example of a substantial change is an increase in total floor area by greater than 25%. (See UDO Article 2 for definition and complete list of substantial changes.)
- An addition to an existing parking lot or change in configuration of an existing parking lot provided no modifications of UDO requirements are requested.
- The construction of a new parking lot provided no modifications of UDO requirements are requested.
- Subdivision Swimming Pools
- The development of any property in the CS (commercial services) or PI (planned industrial) districts provided no modifications to UDO requirements are requested.
- Duplex and multi-family planned districts. The preliminary development plan is approved at the time of the rezoning, and any special setbacks are approved at that time. The final development plan can be for the overall subdivision, or a portion of it to match the plat or the phasing plan.

A final development plan is not required for single family lots in a Planned district (RP-1 or PMIX).

Final development plans, engineering plans and building permits are separate submittals, but there is some overlap in the drawings (e.g., the site plan should be the same in all submittals). Engineering plans are required for a final development plan when there are public improvements (e.g., water line). Engineering plans shall be submitted to Public Works for review and must be approved prior to approving the final development plan. A building permit application can be submitted to the Development Services Department at any time but the building permit will not be issued until the final development plan and/or engineering plans have been approved.

## FINAL DEVELOPMENT PLAN

### ***Step 1 – Pre-Application Conference***

A pre-application conference is not required for a final development plan. However, if approved preliminary development plans are changed, or if the developer has questions, a pre-application meeting is encouraged. At the meeting, staff can provide an initial reaction to the development plan and building architecture. Staff can also alert the applicant to any additional information that is needed. For assistance in determining whether a pre-application conference would be beneficial for your project, contact the Department of Development Services Department at 816-969-1200.

### ***Step 2 – Engineering Plans***

The City of Lee's Summit requires detailed engineering plans to be submitted at the same time as the final development plan for any public improvements, such as public sanitary and storm sewers, water lines and streets. Engineering plans will be reviewed to determine if the water, sanitary sewer system, storm sewer system, streets and erosion control in the proposed development comply with the General Design standards in the city's Design and Construction Manual (DCM). ***A final development plan application will not be reviewed until the Engineering Plans have been submitted.***

### ***Step 3 – Filing the Application***

An application for final development plan must be completed and submitted to the Development Services Department, with the proper filing fee, payable to the City of Lee's Summit. **See Application Checklist for Fee Amounts.** An application may be withdrawn at any time upon written request.

A complete application consists of all items identified in the Submittal Requirements checklist. The final development plan shall include the proper types of drawings (site plan, landscape plan and building elevations), the proper number of paper copies, and the completed checklists. See UDO Article 2 for the final development plan application contents and submission requirements.

Final development plan applications will be placed on the Development Review Committee agenda based upon the completeness and date of the application submittal. All information needed to support the application must be submitted with the application. Information missing or not submitted with the application will result in a delay in processing the application.

### ***Step 4 – Review Process***

A final development plan that contains no changes or minor changes (See UDO Article 2) to the approved preliminary development plan can be approved administratively provided all conditions of approval of the preliminary development plan have been satisfied by the applicant. See Step 5 for time frame.

## **FINAL DEVELOPMENT PLAN**

Substantial changes to an approved preliminary development plan will require a revised preliminary development plan involving a public hearing before both the Planning Commission and City Council. Thus the final development plan cannot proceed. See UDO Article 2 for the entire list of substantial changes.

### ***Step 5 – Development Review Committee (DRC)***

Every application goes through a detailed staff review. A Project Manager is assigned to coordinate the review of each application. After the application is submitted, plans are routed to several departments for review and then discussed by the Development Review Committee. This is a staff-only committee consisting of 10 to 15 representatives of various city departments and divisions that reviews each item on the agenda and identifies relevant issues. Out of this meeting, the development departments will prepare written comments on the proposed application.

### ***Step 6 – Comments Sent***

The Project Manager will coordinate the written comments from the various development departments after the Development Review Committee meeting. Once finalized, written comments will be sent (via fax or email) to the individuals listed on the application including surveyor/engineer, owner and developer. The written comments will state whether a revision is necessary or the final development plan has been approved. This step can be repeated several times depending on whether all corrections/revisions have been completed satisfactorily.

### ***Step 7 – Plan Revisions***

The staff comments will be sent to all parties listed on the application form (via fax or email) within 10 business days from the date a complete application was submitted. All comments will be consolidated and sent at one time. Plans must be revised and resubmitted to address the comments. See Submittal Copies Chart for number of plan sets which to be resubmitted. Staff review comments on the resubmitted plans will be sent to all parties within 5 business days. Keep in mind that each resubmittal equals delay. If the applicant has any questions regarding the staff's comments or has compliance questions, contact the appropriate staff member prior to responding or schedule a meeting to ensure there are no misunderstandings which may result in additional revisions and delay.

### ***Step 8 – Plan Approval***

Plan approval is sometimes given with conditions which must be satisfied prior to issuance of the permit or prior to occupancy. When all corrections have been made and the plans are ready to be approved, Development Services will stamp and approve the plan sets to be included with the building permit application.

Table 1. General Application Requirements Plan Submission Requirements				
UDO Article 2., Sec. 2.040	Ordinance Requirement	Met	Not Met	N/A
B.1. Date Prepared	Date prepared	X		
B.2. Name & address	Name, address and telephone number of the person who prepared, or person responsible for preparing, the plan;	X		
B.3. Scale	Graphic, engineering scale not to exceed 1:100. All plans shall be drawn to a standard engineer's scale of 1:50 or 1:100', unless a different scale is specifically approved by the Director.	X		
B.4. Plan Size	Plan size maximum of 24 X 36 inches with one (1) inch border	X		
B.5. North Arrow	North Arrow; plan shall be oriented so north is to the top or to the right side of the sheet.	X		
B.6. Vicinity Map	Vicinity map with north arrow indicating the location of the property within the City.	X		

## FINAL DEVELOPMENT PLAN CHECKLIST

Table 3. Final Development Plan				
UDO Article 2, Sec. 2.360.	Ordinance Requirement	Met	Not Met	N/A
C.1. Legal Description	A legal description which accurately describes the limits of the property.	X		
C.2. Land Area	Area of land in square feet and acres.	X		
C.3. Floodplain	Location and limits of the 1% Annual Chance Flood, as set forth on the current FEMA maps with reference to the panel number. Elevations shall be provided if shown on the FEMA map.			X
C.4. Lot Area	Layout, number and approximate dimensions of lots and approximate lot areas.			X
C.5. Streets	Name, location, width, radii, centerline, and grade of streets and alleys, both public and private;			X
C.6. Sidewalks	Location, width and limits of all existing and proposed sidewalks and public walkways;			X
C.7. Easements	Location and width of proposed easements;			X
C.8. Building Setback	Building setback lines from streets with dimensions.			X
C.9. Culverts	Location and approximate dimensions of culverts and bridges;			X
C.10. Driveways	Location of existing and proposed driveways, curb cuts, median breaks and turn lanes;			X
C.11. Utilities	The location and size of all utility lines, including water, storm water, and sanitary sewers.			X
C.12. Sanitary Sewer	Final analysis of the capacity of the existing sanitary sewer receiving system.			X
C.13. Water & Sanitary Plans	Final water and sanitary sewer plans.			X
C.14. Water Demand	Appropriate water service demand data (including, but not limited to, planned land usage, densities of proposed development, pipe sizes, contours and fire hydrant layout) to allow for the preliminary analysis of the demand for water service if required by the City Engineer.			X
C.15. Storm Water	Final storm water collection, detention and erosion control plans.			X
C.16. Storm Water Management	Information (proposed size, nature and general location) on all proposed storm water management facilities and detention facilities. A final storm water report shall be submitted unless the stormwater report requirement was waived by the City Engineer or there are no required revisions to the preliminary storm water report. All storm water reports shall include:			
C.16.a.	Current and proposed land use assumptions,			X
C.16.b.	Identification of the watershed in which the project is located,			X

## FINAL DEVELOPMENT PLAN CHECKLIST

Table 3. Final Development Plan				
UDO Article 2, Sec. 2.360.	Ordinance Requirement	Met	Not Met	N/A
C.16.c.	Identification of offsite drainage areas,			X
C.16.d.	Surrounding property information,			X
C.16.e.	Any other pertinent information about the site which may influence storm water runoff,			X
C.16.f.	Proposed storm water facilities,			X
C.16.g.	The downstream effects of the development			X
C.16.h.	Calculations for the 100%, 10%, and 1% storms. All calculations must be submitted with the report; a summary table is not acceptable.			X
C.16.i.	If the storm water report indicates that detention is not required, supporting calculations evaluating the downstream effects must be provided.			X
C.16.j.	All reports shall be signed and sealed by a Professional Engineer registered in the State of Missouri.			X
C.17. Open Space	Location and size of proposed open space for public use proposed to be dedicated or reserved and any conditions of such dedication or reservation; parks, playgrounds, churches, or school sites or other special uses of land to be considered for public use, or to be reserved by deed or covenant for the use of all property owners in the subdivision.			X
C.18. Parking	Location and dimensions of all parking spaces, accessible spaces, accessible routes, drive aisles, driveways, and curbs.			X
C.19. Contours	Finished grades showing 1-foot contours for the entire site (2-foot contour intervals may be allowed by the Director, depending on the site).			X
C.20. Right-of- Way	All proposed and existing adjacent public street rights-of-way with centerline location.			X
C.21. Streets	All proposed and existing adjacent public street and public drive locations, widths, curb cuts and radii.			X
C.22. Dimensions	Sufficient dimensions to indicate relationship between buildings, property lines, parking areas and other elements of the plan.	X		
C.23. Setbacks	Location of all required building and parking setbacks.			X
C.24. Building Dimensions	Location, dimensions, number of stories and area in square feet of all proposed buildings.			X
C.25. Oil & Gas Wells	The location of all oil and/or gas wells within the subject property.			X
C.26. Retaining Walls	Limits, location, size and material to be used in all proposed retaining walls.			X

## FINAL DEVELOPMENT PLAN CHECKLIST

Table 3. Final Development Plan				
UDO Article 2, Sec. 2.360.	Ordinance Requirement	Met	Not Met	N/A
C.27. Driveways	Location and dimensions of all driveways, parking lots, parking stalls, aisles, loading and service areas and docks.			X
C.28. Lighting	Location, height, intensity and type of outside lighting fixtures for buildings and parking lots.			X
C.29. Photometric Diagram	Photometric diagram indicating the foot candle levels throughout the site and at the property lines.			X
C.30. Lighting Spec Sheets	The manufacturer's specification sheets for proposed exterior lighting to include both parking lot pole mounted and wall mounted fixtures. The specification sheets shall indicate the exact fixture to be used.			X
C.31. Mechanical Screening	Location, size, and type of material to be used in all screening of ground mounted mechanical equipment.			X
C.32. Equipment Spec Sheets	The manufacturer's specification sheets for proposed mechanical equipment to be used.			X
C.33. Signs	Location, size, and type of material of all proposed monument or freestanding signs.			X
C.34. Adjacent Developments	The location of adjacent developments, alignment and location of existing public and private driveways and streets, medians, and public and semi-public easements.			X
C.35. Fire Hydrants	Locations of existing and proposed fire hydrants.			X
C.36. Sight Triangles	Sight triangles (See Article 8)			X
D.1. Building Elevations	Elevations of all sides of proposed buildings including notation indicating building materials to be used on exteriors and roofs.			X
D.2. Screening Materials	Location, size and materials to be used in all screening of rooftop mechanical equipment.			X
D.3. Roof Line	A dashed line indicating the roof line and rooftop mechanical equipment.			X
E. Floor Plan	Floor plan showing dimensions and areas of all floors within proposed buildings and structures.			X
F. Landscape Plan	Landscaping plans shall be submitted in accordance with Article 8.			X
G. Land Use Schedule	A land use schedule shall include the following:			
G.1.	Total floor area			X
G.2.	Number of dwelling units			X
G.3.	Land area			X

## FINAL DEVELOPMENT PLAN CHECKLIST

Table 3. Final Development Plan				
UDO Article 2, Sec. 2.360.	Ordinance Requirement	Met	Not Met	N/A
G.4.	Number of required and proposed parking spaces			X
G.5.	Impervious coverage			X
G.6.	Floor Area Ratio (FAR)			X
H.	The following shall be submitted in support of the application for final development plan approval:			
H.1. Deeds	Deeds of dedication for all rights-of-way or easements required as a result of preliminary development plan approval, if conveyance thereof is not to be made by plat.			X
H.2. Covenants	A copy of all proposed covenants and restrictions applicable to the development.			X
H.3. POA Bylaws	A copy of the property owners association bylaws as evidence of the establishment of the agency for the ownership and maintenance of any common open space and all assurances of the financial and administrative ability of such agency.			X
H.4. Conditions	Evidence of satisfaction of any conditions of the preliminary development plan approval that were conditions precedent to consideration of the final development plan.			X
H.5. Engineering Plans	An application for engineering approval pursuant to the Design and Construction Manual. All applications for engineering approval shall be accompanied by the number of copies of the following as required by the City Engineer:			
H.5.a.	Engineering drawings with the information required in the Design and Construction Manual			X
H.5.b.	Plans, profiles and details for streets, curb and gutters, sidewalks, storm and sanitary sewers, and water lines			X
H.5.c.	A written benchmark description and elevation			X
H.5.d.	A storm water Master Drainage Plan that contains detailed plans for storm drainage, storm water detention, and grading plans, as specified in the Design and Construction Manual.			X

## FINAL DEVELOPMENT PLAN CHECKLIST

Table 4. Other Requirements				
	Ordinance Requirement	Met	Not Met	N/A
UDO Art. 8, Div. III Landscaping, Buffers & Tree Protection				
Sec. 8.720. Landscaping & buffer plans	Landscaping and buffer plans shall be submitted, and shall include information as listed in the ordinance.			X
Sec. 8.750. Acceptable plant material	Acceptable plant materials and sizes for landscaping, buffers and tree replacement shall meet the ordinance requirements.			X
Sec. 8.790.A.1. Street frontage trees	1 tree shall be planted for each 30 feet of street frontage. Such trees may be clustered or arranged within the setback if approved as part of the landscape plan. A minimum 20-foot landscape strip shall be provided along the full length of any street frontage, except where the building setback is less than 20 feet.			X
Sec. 8.790.A.2. Front parking setback	In commercial and industrial districts, any parking or loading area visible from a street shall be separated from the street right-of way with a landscape strip at least 20 feet wide.			X
Sec. 8.790.A.3. Street frontage shrubs	1 shrub shall be provided for each 20 feet of street frontage, or portion thereof, with in the landscaped setback abutting such frontage. Such shrubs may be clustered or arranged within the setback.			X
Sec. 8.790.B.1 Open yard shrub reqt.	The minimum of 2 shrubs per 5,000 square feet of total lot area, excludes single family and duplex developments. For schools, large sports/play fields and other areas specifically open to the public for use, i.e., tennis courts, paved play areas, paved parking lots etc. may be excluded in the calculation of this requirement.			X
Sec. 8.790.B.2. Ground cover	Open areas not covered with other materials shall be covered with sod.			X
Sec. 8.790.B.3. Open yard tree reqt.	In addition to the trees required based upon street frontage, additional trees shall be required at a ratio of 1 tree for every 5,000 square feet of total landscaped open space. For schools, large open sports/play fields may be excluded in the calculation of total landscaped open space. The remaining open space shall be applied to the ratio for tree planting as stated herein.			X
Sec. 8.790.C. Trash enclosures	A detailed drawing of enclosure and screening methods to be used in connection with trash storage containers on the property shall be included with the landscaping plan. <b>(See Section 8.180.G for requirements)</b>			X
Sec. 8.810.A. Parking lot landscape islands	Landscape islands, strips or other planting areas shall be located within the parking lot and shall constitute at least 5% of the entire area devoted to parking spaces, aisles and driveways. <i>Every four rows of parking shall include a landscape island of at least ten feet in width.</i> Industrial zoned properties, PI and CS, shall be exempt from this requirement.			X

## FINAL DEVELOPMENT PLAN CHECKLIST

Table 4. Other Requirements				
	Ordinance Requirement	Met	Not Met	N/A
Sec. 8.810.B. Landscape island placement	A landscaping island shall be located at the end of every parking bay between the last parking space and an adjacent travel aisle or driveway. The island shall be no less than 9 feet wide for at least one-half the length of the adjacent parking space. The island shall be planted in trees, shrubs, grass, or ground cover, except for those areas that are mulched.			X
Sec. 8.810.C. Island width	Tree planting areas shall be no less than 10 feet in width. No tree shall be located less than 4 feet from the back of curb. All parking lot landscape islands, strips or other planting areas shall be curbed with minimum 6 inch high curbs.			X
Sec. 8.820 Parking lot screening	Screening to a height of 2.5 feet must be provided along the edge of the parking lot or loading area closest to and parallel to the street. (See Sec. 8.820 for full requirements).			X
Sec. 8.870. Buffer/screen requirements	Buffer/screen between developments of differing land uses adjoining one another or separated from one another by only a street or alley shall comply with <b>Table 8.890</b> Typical buffers.			X
UDO Art. 8, Div. II Vehicle Parking				
Sec. 8.530 Number of Parking spaces	See Table 8-1 for minimum required.			X
Sec. 8.620.A. Head-in parking	All areas devoted to vehicle parking shall be so designed and be of such size that no vehicle is required to back into a public street to obtain access.			X
Sec. 8.620.B.1. Parking setback	Parking lots shall be set back a minimum 20 feet from any public right-of-way or private street edge of pavement.			X
Sec. 8.620.B.2. Parking setback	Parking lots shall be set back a minimum 20 feet from any residential use or district.			X
Sec. 8.620.B.3. Parking setback	Parking lots shall be set back a minimum 6 feet from the side or rear property line when not part of shared parking and/or cross access.			X
Sec. 8.620.C. Parking Dimensions	9' wide x 19' deep, placed at the prescribed angle so that it lies between the curb and aisle. 9 feet by 17 feet parking spaces shall be permitted when the parking space abuts a 6 feet wide sidewalk or when abutting a curbed open green/landscaped space. Parallel parking spaces shall not be less than 9' wide x 23' long.			X
Sec. 8.620.F.2.b Curb blocks	The use of curb blocks in parking areas shall be prohibited, except at the head of accessible parking spaces when they are adjacent to a pedestrian walkway with no raised curb.			X
Sec. 8.620.E.1. Aisle Width	Adequate aisle width (per Table 8-4) for maneuvering into and out of each space.			X
Sec. 8.620.E.4. Drive width	Minimum width (not including curb and gutter) is the same as aisle width (see Table 8-4).			X
Sec. 8.620.E.5. Curb cut spacing	Distance of driveways from intersections and from other driveways shall conform to the Access Management Code.			X

REVISED JULY 2021

## FINAL DEVELOPMENT PLAN CHECKLIST

Table 4. Other Requirements				
	Ordinance Requirement	Met	Not Met	N/A
Sec. 8.250. Parking Lot Lighting	Any lights used to illuminate the parking area shall be arranged, located or screened so that light is directed away from and no light source is visible from a public street, a residentially-zoned area, or a residential use. (See Article 8).			X
Sec. 8.620.F.1.a & b Improvement of Parking Area	Permanent surface, consisting of asphalt or concrete, per specifications.	X		
Sec. 8.620.F.2.a & c. Curbing	CG-1 concrete curbing required around all parking areas and access drives in all zoning districts, except for driveways serving single-, two-, three- and four-family residences. Temporary asphalt curbs may be used in areas to be expanded only as shown and approved on the development plan.			X
Sec. 8.580. Accessible Parking Space Size	Accessible parking spaces shall have an adjacent aisle 5 feet wide, and one in every 8 accessible spaces (but no less than one) shall be adjacent to an aisle 8 feet wide and the space shall be clearly marked with a sign indicating that the space is "van accessible." Accessible parking space aisles shall be clearly demarcated by lines painted on or otherwise applied to the parking lot surface. Access aisles shall be on the same level as the vehicle pull-up space they serve.			X
Sec. 8.580.E. Accessible Parking Space Slope	Accessible parking spaces shall be located on a surface with a slope not exceeding 1 vertical foot in 50 horizontal feet.			X
Sec. 8.580.H. Accessible Parking Space Clearance	Parking spaces for vans shall have a vertical clearance of 98 inches minimum at the space and along the vehicular route thereto. In cases of a loading zone, the vertical clearance of 114 inches minimum shall be provided at passenger loading zones and along vehicle access routes to such areas from site entrances.			X
Sec. 8.580.C. No. of Accessible Parking Spaces	See Table 8-3			X
Sec. 8.580.F. Accessible Parking Space Location	Accessible spaces shall be located at the nearest point to the front building entry and/or accessible ramp. Such spaces separated by a drive aisle shall have clearly discernable cross walks.			X
Sec. 8.580.J. Accessible Parking Standards	All accessible parking shall comply with the requirements of the federal Americans with Disabilities Act.			X
Sec. 8.580.I. Accessible Parking Sign	Every parking space required by this section shall be identified by a sign, mounted on a pole or other structure, located between 36 inches (3 feet) and 60 inches (5 feet) above the ground measured from the bottom of the sign, at the head of the parking space. The sign shall be at least 12" by 18" in area and meet the requirements set forth in the Manual on Uniform Traffic Control Devices, as referenced in Section 29-381 of the Lee's Summit General Code of Ordinances.			X

Re: Property #7100 – Lease Agreement dated July 31, 2024 (the “Lease”) between Fort Wayne Matador Inc. (“Landlord”) and TVI, Inc. (“Tenant”), for the Premises, as defined in the Lease, with the address 901 East Langsford Road, Lee’s Summit, Missouri  
Tenant #7100-0001

Ladies and Gentlemen:

As you may know, Kin Properties Inc. is the managing agent for Landlord. All defined terms used herein shall have the same meaning as in the Lease, except as otherwise noted.

On August 5, 2025, Landlord received via e-mail Tenant’s architectural plans and specifications for Tenant’s Work. Landlord received via e-mail Tenant’s civil plans and specifications on August 7, 2025. Please note that although Tenant’s plans were not sent to Landlord’s notice address in the Lease, as a courtesy, Landlord will accept them. In the future, please send them to Landlord at the notice address in the Lease to ensure proper delivery. Since there are some items that need to be resolved, pursuant to Section 7(d) of the Lease, this letter will serve as Landlord’s written notice of disapproval of Tenant’s plans and specifications for Tenant’s Work (“Landlord’s Disapproval”).

Landlord’s Disapproval is as follows:

Architectural Drawings

Sheet A001

- Project Directory please change Savers to Tenant.
  - o If Owner is to be included, the information is as follows:
    - Fort Wayne Matador Inc.
    - 185 NW Spanish River Drive
    - Suite 100
    - Boca Raton FL 33431
    - Attn: Ryan Curtis

(561) 620-9200 **Sheet Index** (888) KIN-PROP toll-free 185 NW Spanish River Blvd., Suite 100, Boca Raton, FL 33431

- Should list A0002.
  - It is in plans but not in sheet index.
- A500
  - If not used, and not in plan, this line should be removed.
- S2.2
  - Missing in index, but in plans.
- Missing a Roof Plan sheet in index and in plans.
- Signage
  - Company is listed, however a separate review of signage plans should be sent to Landlord for review/approval.

Sheet A002

- Where will there be a new trash enclosure?
- Our ADA stalls will be configured differently.
  - Please change key note #2 to state "to be modified."
- This sheet should show the entire parcel.

Sheet A090

- Keynote (2)
  - We should have a detail for infill and exterior restoration plan.
- Keynote (4)
  - We need a restoration plan for concrete.
  - Also, we should show where the sewer connection is for this restroom.
    - i.e., Is Tenant connecting to existing sewer or is new a sewer lateral being run?
  - Same for the sink for the breakroom.
    - We need to see how the sewer line is being run.
- Keynote (11)
  - We will need this door to be infilled and exterior restoration should match existing vs. welding shut.
- Keynote (13)
  - We will need to have a structural detail.
- Keynote (19)
  - Not on plan but listed in Demo notes.
- Keynote (23)
  - This is Landlord's Work.
  - Does Tenant want to take on this responsibility?

Sheet A100

- Keynote (18)
  - Landlord will be completing the dock leveler work and bumpers as part of Landlord's Work.

- Landlord is installing a Bluff Manufacturing leveler and bumper as Beacon was not called out for in the lease.
- Please remove ADA stalls from the parking field as Landlord will not be putting ADA stalls.

Sheet A200

- Key Note (1)
  - Need clarification on ceiling, this sheet states existing ceiling to remain, however demo pages shows demo of ceiling.

Sheet A300

- We need to show a sanitary line for the break room sink.

Sheet A400

- Landlord needs to review signage package when available.

A900

- Detail 19 – Air bell
  - How wide and how deep is the concrete cut?
  - We are unsure if this will need electric.

Sheet S1.0

- Detail 4
  - Please ensure we sawtooth in.

Sheet S1.1

- Plan Notes
  - Numbers 2/3 reference detail 6/3.0, however 3.0 does not exist.
  - It appears it should be detail 6/S2.1.

Sheet S2.0

- Detail 4
  - Need coating specifications.
- Detail 5
  - Does this meet code for frost coverage? Need to confirm.
- Detail 6
  - Pavement should refer to civil drawings not architectural drawings.
- Detail 7
  - All references to architectural should be to civil.
  - Will there be soil on side or both?

E100

- We will need to review and approve Fire Alarm shop drawings when available.

E200

- Landlord has upgraded all exterior site lighting to LED.

Sheet M100

- Key Note (6)
  - o Ductwork remaining conflicts with Ductwork demo.

Sheet P100

- Key Note (2)
  - o Need water heater detail.
- Key note (5)
  - o Need detail on ¾" CW line extension.
- Key Note (6)
  - o Need demo plan for sewer line.
- Key Note (7)
  - o Need to add a note that GC is to use Duro-Last certified roofer as we have the warranty with Duro-Last.
- Is Tenant replacing all fixtures?

Civil Drawings

CV Sheet

- No Civil Engineer stamp on Drawings.
- See comment on Architectural Drawings for Owner Information.
  - o Tenant is not Owner.
- Should we provide utility contact information?

Sheet C1

- Should a truck turning radius be provided?
- ADA stalls will be modified and not reflect what is shown.
- Should we call out fire lane?

Sheet C1.1

- The knock out for drainage would appear to be insufficient to handle the water volume. Should there be a trench drain?
- Also, we should show to inlet/outlet the storm water is draining to.

Sheet C2

- We need a signage and striping detail.
- We need an enclosure/fence detail.

We note that, to the extent the Tenant's plans and specifications note that work is Landlord's responsibility, unless same is expressly required to be performed by Landlord under

TVI, Inc.  
August 14, 2025  
Page 5

the Lease, then such work is Tenant's responsibility and Landlord disapproves any such plans that require work by Landlord that is not expressly the responsibility of Landlord under the Lease.

As you know, pursuant to the terms of Section 7(d) of the Lease, Tenant is required to obtain Landlord's written approval of Tenant's plans and specifications for Tenant's Work that involves or affects the structure of the Building, and or the exterior of the Building or the Premises, and or requires a building permit prior to submittal of same to the local building department and prior to commencement of Tenant's Work. Notwithstanding the foregoing, we understand Tenant has received its building permit for Tenant's Work. Please do not proceed any further regarding same until Tenant's plans and specifications are conformed to Landlord's revisions as set forth above and Landlord has approved Tenant's plans and specifications as required under the Lease.

In addition, as a reminder, Landlord has not received the Contingency Payment from Tenant in the amount of One Hundred Thousand and 00/100 Dollars (\$100,000.00) as required under Section 3(d) of the Lease or evidence of insurance as required under Section 32 of the Lease. Please remit payment of same and provide certificates of insurance to Landlord as soon as possible.

We are happy to schedule a call to discuss at your convenience. Please contact Ryan Curtis, Property Manager, at [rcurtis@kinproperties.com](mailto:rcurtis@kinproperties.com) or (561) 620-9200, Ext. 170.

Thank you.

Very truly yours,

KIN PROPERTIES INC.

Paige Hackman
