Applicant: NORTH POINT DEVELOPMENT	Email: Fax #: <NO FAX NUMBER>
Engineer: THHINC MCCLURE ENGINEERING CO	Email: Fax #: (573) 814-1128
Architect: NSPJ ARCHITECTS	Email: Fax #: <NO FAX NUMBER>
Property Owner: TOWNSEND SUMMIT LLC	Email: Fax #: (410) 321-1901

From: Christina Stanton, Senior Planner

Re:

Application Number: PL2016121
Application Type: Commercial Final Development Plan
Application Name: SUMMIT SQUARE APARTMENTS
Location: 801 NW DONOVAN RD, LEES SUMMIT, MO 64086

Electronic Plans for Resubmittal

Beginning Monday, May 23, 2016, all Planning application and development engineering plan resubmittals shall include an electronic copy of the documents as well as the required number of paper copies. Electronic copies will not be required for initial application submittals at this time as the plans are subject to change.

Electronic copies shall be provided on CD in the following formats

- Plats – All plats shall be provided in Tagged Image Format File (TIFF) Group 4 compression.
- Engineered Civil Plans – All engineered civil plans shall be provided in Tagged Image Format File (TIFF) Group 4 compression. All sheets shall be individually saved and titled with the sheet title.
- Architectural and other plan drawings – Architectural and other plan drawings, such as site electrical and landscaping, shall be provided in Portable Document Format (PDF).
- Studies – Studies, such as stormwater and traffic, shall be provided in Portable Document Format (PDF).
- It is requested that each plan sheet be a maximum of 2MB.

Please contact Staff with any questions or concerns.

Excise Tax

On April 1, 1998, an excise tax on new development for road construction went into effect. This tax is levied based on the type of development and trips generated. If you require additional information about this development cost,

as well as other permit costs and related fees, please contact the Permitting and Plan Review Division of the Planning and Codes Administration Department at (816) 969-1200.

Review Status:

Revisions Required: One or more departments have unresolved issues regarding this development application. See comments below to determine the required revisions. Submit six (6) full size sets (no larger than 24"x36") and one (1) half size set (11"x17" or 12"x18") of revised drawings. These shall be folded and collated in sets to approximately 8-½"x11" in size to the Planning and Codes Administration Department. Revised plans will be reviewed within five (5) business days of the resubmittal.

Required Corrections:

Traffic Review	Michael Park (816) 969-1820	City Traffic Engineer Michael.Park@cityofls.net	No Comments
Fire Review	Jim Eden (816) 969-1303	Assistant Chief Jim.Eden@cityofls.net	Approved with Conditions

1. All issues pertaining to life safety and property protection from the hazards of fire, explosion or dangerous conditions in new and existing buildings, structures and premises, and to the safety to fire fighters and emergency responders during emergency operations, shall be in accordance with the 2012 International Fire Code.

For information only. FDP Conditions are also to be reviewed during review for the building permit.

2. IFC 903.3.7- Fire department connections. The location of fire department connections shall be approved by the fire code official. Connections shall be a 4 inch Storz type fitting and located within 100 feet of a fire hydrant, or as approved by the code official.

FYI- The FDC is shown on the opposite side of the building from the riser. This meets intent of the code, but may cause design concerns with the sprinkler contractor. Relocating the FDC to the other side of the building would still meet the requirements of the code.

Engineering Review	Gene Williams (816) 969-1812	Senior Staff Engineer Gene.Williams@cityofls.net	Approved with Conditions
---------------------------	---------------------------------	---	--------------------------

1. The Engineer's Estimate of Probable Construction Costs has been accepted for this project, and the Public Works Review and Inspection Fee of \$38,219.78 (which is based on 3% of the total infrastructure cost plus a water test inspection fee) must be paid prior to the issuance of an infrastructure permit and/or the final processing of a building permit from the Codes Administration Department.

2. Contact Public Works Inspections at (816) 969-1800 at least 48 hours prior to the onset of construction.

3. Contact a Right-of-Way Inspector at (816) 969-1800 prior to any land disturbance within the right-of-way. These activities may require a permit.

4. Please be aware that any future repair work to public infrastructure (e.g., water main repair, sanitary sewer repair, storm sewer repair, etc.) within public easements will not necessarily include the repair of pavement, curbing, landscaping, or other private improvements which are located within the easement.

5. If ground breaking will take place prior to issuance of a building permit, please submit a Land Disturbance Permit application and the required attachments and fees to James Fletchall. Mr. Fletchall can be reached at 816-969-1835.
