Lee's Summit, MO 64063

SUBJECT: Paragon Star

creating remarkable solutions
for a higher quality of life

Dear Gene,

We are writing to formally request a waiver for the Stormwater detention requirement on the Paragon Star project located at the NE corner of I-470 and View High Drive.

Per the Preliminary Stormwater Drainage Study for the Paragon Star Development dated August 23, 2016, it was determined that based on the site's position in the watershed, and the resulting timing of the peak Stormwater discharge from the site, Stormwater detention would not be beneficial to the downstream environment.

Sincerely,

GEORGE BUTLER ASSOCIATES, INC.
