screens

No roof penetrations, attractive,  
code-compliant and long lasting...

**Envisor** equipment screens offer architects the flexibility to create affordable, elegant, **customized screening solutions** that blend into the overall design, all with **no rooftop penetration**. Our patented roof screen system provides practical solutions for **municipal screening requirements** of HVAC units, chillers, air handlers, power exhausts, roof stacks, communication equipment — you name it!

The Ohio State University Foundation - Columbus, Ohio

Customizing a screen to fit your  
needs is easy...

Simply choose your style, panel design, trim option and color and tell us about the units you want to screen then let our project manager take care of it from there.

52" Louver Panels

## STEP 1: Choose a Vertical or Canted System

Envisor screens are the perfect alternative to parapet walls and they satisfy even the strictest screening code requirements. Both styles feature our patented attachment method, which secure our screens directly to the equipment with no rooftop penetration. Screen heights are available to screen virtually anything you desire.
