PLAN DESCRIPTION

High ceilings, ample windows, and an open floor plan create spaciousness in this delightful and affordable home. The great room and kitchen share a vaulted ceiling and are open to both formal and informal dining areas. Clerestory dormers pour light into the great room, which sports a fireplace and rear-patio access. Tray ceilings add vertical space to the dining room and master bedroom. The master suite maintains privacy with its own bath and walk-in closet; two family

How much will this cost to build?

This report will provide you cost estimates based on location and building materials.
