

Main Orchard, Final Development Plan  
Storm Water Drainage Study

The macro storm water drainage study for the subject project was submitted and approved during the preliminary development phase. The approved study dated 10-29-19 has not been altered and no changes are anticipated. Therefore we ask that this letter be accepted in lieu of submission of additional hard copies.

If you have any questions regarding this correspondence or require additional hard copies of the subject report please let us know and we will provide.

Your help is greatly appreciated.

Sincerely,

Anthony Philipscheck
