

BOARD OF ZONING ADJUSTMENTS PROCESS

Application

- A variance is defined as a modification of or departure from the provisions of the Unified Development Ordinance (UDO) which, if applied to a specific lot, would significantly interfere with the use of the particular property.
- An application for variance must be completed and submitted to the Development Services Department, with the **\$300** filing fee plus one (1) **\$165** advertising charge, payable to the City of Lee's Summit.
- The application must include the exact legal description of the property upon which the variance is being requested.
- The application shall be accompanied by at least one set of drawings to clearly indicate the requested variance in relation to the property and/or structures. These could include a plot plan, plat, site plan, survey and/or building elevation(s). Pictures can be submitted with the application and drawings but cannot replace the drawings. The drawings must be of such detail that it can be clearly read. **These drawings must be able to be clearly read as well as being reproduced. If the drawings are larger than 11" by 17", a smaller copy of the drawings shall also be provided.**

Public Hearing Process

- State statutes require legal notice of the time and place to be published 15 days prior to the hearing in an official paper.
- **Mail Notices.** The applicant must mail notices to the last known owner of record as provided by the county within 185 feet at least 15 days prior to the hearing. Sample notices are available. The notice must include:
 - time and place of hearing,
 - general description of the proposal,
 - location map of the property,
 - street address, or general street location
 - statement explaining that the public will have an opportunity to be heard
- **File Affidavit.** An affidavit must be filed with the Development Services Department prior to the public hearing certifying the notices have been sent. Provide a list of the property owners notified and a copy of the notice sent.
- **Post Sign.** The applicant shall post a sign on the premises, at least 15 days prior to the date of the hearing, informing the general public of the time and place of the public hearing.
- **Maintain Sign.** The applicant shall make a good faith effort to maintain the sign for at least the 15 days immediately preceding the date of the hearing, through the hearing, and through any continuances of the hearing. The sign shall be placed within 5 feet of the street right-of-way line in a central position on the property that is the subject of the hearing. The sign shall be readily visible to the public. If the property contains more than one street frontage, one sign shall be placed on each street frontage so as to face each of the streets abutting the land. The sign may be removed at the conclusion of the public hearing(s) and must be removed at the end of all proceedings on the application or upon withdrawal of the application.
- Variance applications require a public hearing, allowing the applicant and any other party to present testimony or evidence to the Board. The applicant or his/her representative will be asked to present its case to the Board, FULLY describing the situation and the variance criteria (see Statement of Variance Criteria).

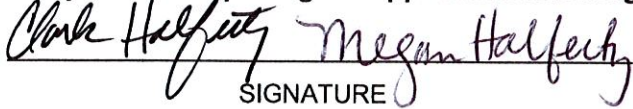

BOARD OF ZONING ADJUSTMENTS PROCESS

- Any evidence presented to the Board will become public record and must be provided in duplicate to the City or tagged as an exhibit at the hearing.

Board's Authority

- The Board of Zoning Adjustment may grant a variance, only if application of the UDO when applied to a particular property, would significantly interfere with the use of the property.
- The Board's authority is limited by the statutes of the State of Missouri and the UDO. The Board may only grant a variance if, in its discretion, each of the variance criteria is met (See Statement of Variance Criteria). **It is the applicant's responsibility to demonstrate to the Board that each of these criteria have been met.** The Board may evaluate the evidence in the record before it, and exercise its discretion on whether each of these criteria has been met on a case by case basis.

The person completing the application must sign below.

Receipt #: 2019046796 Date Filed: 11/25/19 Processed by: *elg* Application # PL2019-396

STATEMENT OF VARIANCE CRITERIA (NON-USE)

In accordance with Section 4.520.B.3 of the Lee's Summit Unified Development Ordinance, the applicant must meet each of the following requirements to support the granting of the requested variance. **Failure to complete each may result in an incomplete application.** Explain **IN DETAIL** how this application meets each of the following requirements.

1. The granting of the variance will not adversely affect the rights of adjacent property owners or residents.

This variance request is not expected to impact adjacent property owners. The proposed in-ground swimming pool will be within all easement lines.

2. The granting of the variance will not be opposed to the general spirit and intent of the ordinance from which the variance is sought.

The proposed placement of the pool will be 5' from the nearest structure (a screened-in and covered deck).

The pool will still be 10' from the actual rear of the home (rear walls), if excluding the screened-in and covered deck.

3. The variance requested will not adversely affect the public health, safety, morals, or general welfare of the community.

correct

4. The variance requested arises from a condition which is unique and peculiar to the property in question and which is not ordinarily not found in the same zone or district, and further, is not created by an action or actions of the property owner or applicant.

We originally planned a rear easement variance request, but cannot proceed with it due to the proximity of a

STATEMENT OF VARIANCE CRITERIA (NON-USE)

sanitary sewer line located immediately to the rear (west) of the property. This limits options.

5. Substantial justice will be done by the granting of this variance.

This variance request will not impact adjacent property owners, and will allow for the construction of this pool as desired by the homeowners.

Further, in accordance with Section 4.530.B.2 of the Lee's Summit Unified Development Ordinance, the applicant must meet each of the following requirements to support the granting of the requested non-use variance. Explain **IN DETAIL** how this application meets each of the following requirements.

1. Practical difficulties exist that would make it impossible to carry out the strict letter of the Unified Development Ordinance when considered in light of the following factors:

a. How substantial the requested variation is, in relation to the requirement of the Ordinance.

This request is for a 50% variance of the minimum structural rear offset for an in-ground swimming pool.

The proposed placement of the back edge of the pool structure will be 16.76' from the rear property line.

b. The effect of increased population density, if any, on available public facilities and services, if the variance is allowed.

The approval of this request will not impact population density.

c. Whether a substantial change will be produced in the character of the neighborhood, or whether a substantial detriment to adjoining properties will be created if the variance is allowed.

No, this request will not negatively impact adjacent or other property owners.

STATEMENT OF VARIANCE CRITERIA (NON-USE)

- d. Whether it is feasible for the applicant to pursue a method, other than a variance, to obviate the practical difficulty.

Due to the size of the lot and the proximity of a sanitary sewer line immediately to the rear (west) of the lot, we have no other options than to pursue this variance request for proposed in-ground swimming pool.

- e. Whether the interests of justice will be served by allowing the variance, in view of the manner in which the practical difficulty arose in consideration of all of the above factors.

Yes

- f. Conditions of the land in question, and not conditions personal to the landowner. (The Board will not consider evidence of the applicant's or landowner's personal financial hardship unrelated to any economic impact on the land.)
