Innovative Rooftop Screens

Attractive, code-compliant and long lasting, Envvisor equipment screens offer affordable, elegant, customized screening solutions that blend into the overall design, all with no rooftop penetration. Our patented roof screen system provides practical solutions for municipal screening requirements of HVAC units, chillers, air handlers, power exhausts, roof stacks and communication equipment. You name it, we can screen it!

- **Zero Rooftop Penetration**
- **ABS or Metal**
- **Sliding Panels for Easy Service Access**

U.S. Patent No. 5,664,384
U.S. Patent No. 7,000,362
U.S. Patent No. 7,707,798

CHURCH OFFICE

- 52" Louver panel with Cove top trim
- Color: Custom color match

NATIONAL RETAILER

- 70" Louver panel with Step 2 top trim
- Color: Alabaster

DESIGN OPTIONS

Envisor screens are the perfect alternative to parapet walls and they satisfy even the strictest screening code requirements. Both styles feature our patented attachment method, which secures our screens directly to the equipment with no rooftop penetration. Post mounted option is also available. Screen heights are available to shield virtually anything you desire.

PANEL STYLES

Panels are available in ten standard styles, allowing you to match or coordinate with the building design. The panels are constructed of thermoformed, high-impact ABS with a co-extruded UV protective layer on both sides or choose one of our metal series options in a variety of thicknesses and finishes. The panels are held firmly in place using a rust-free, double tracked aluminum rail system. This enables the panels to slide side-to-side for easy access to the unit during servicing and maintenance.

Don't see a panel that fits your project?
Tell us and we'll make one that you design. (Mold fee may apply)

TOP TRIM STYLES

OPTIONAL — Decorative top trim options offer the flexibility to further customize the elegant appearance of the screens by picking up building design elements and incorporating those details into the screen. Although optional, they offer one more way to make screens part of the design, not part of the problem. *Prices vary by style.*

COLORS

Our designer colors complement most architectural applications, but don't let standard colors limit your creativity. We have the ability to match any cross-referenced color specifications. Send us samples to match. We've even matched a color to a rock! Colors are approximations. Please call for actual samples.

Need a custom color? Provide a Sherwin Williams or PMS code and we can color match.

***Speak to a project manager about our Envisor accessories,
including lighting kits and more.***

CUSTOM SOLUTIONS

Envisor equipment screens can be manufactured in a limitless combination of shapes and configurations to help reduce cost, add to the aesthetics of a building or both. Let us design one for you! Just tell us the equipment manufacturer, the model numbers and any special requirements you might have. **Additional costs may apply.*
