Excise Tax

On April 1, 1998, an excise tax on new development for road construction went into effect. This tax is levied based on the type of development and trips generated. If you require additional information about this development cost, as well as other permit costs and related fees, please contact the Development Services Department at (816) 969-1200.

Review Status:

Revisions Required: One or more departments have unresolved issues regarding this development application. See comments below to determine the required revisions and resubmit to the Development Services Department. Resubmit one (1) digital copy following the electronic plan submittal guides as stated above. Revised plans will be reviewed within five (5) business days of the date received.

<p>1. The estimate includes both 6" concrete and 8" aggregate base combined together as a single item. In reviewing the previously submitted site plan, these areas of concrete and of aggregate are not clearly delineated. Please revise the site plan to clarify where each type of surface will be constructed. Revise the estimate to separate those two surface types. Please ensure that the quantity of each that is shown on the revised estimate can be verified from the revised site plan.</p> <p>2. Please remove the striping cost item from the engineering cost estimate since the work will be performed on a private property.</p> <p>3. The City does not request water meter related costs to be included into the EOOPCC sheet. Therefore, please dissociate to only show water service line and water main tap related expenses as applicable.</p>

<p>1. All issues pertaining to life safety and property protection from the hazards of fire, explosion or dangerous conditions in new and existing buildings, structures and premises, and to the safety to fire fighters and emergency responders during emergency operations, shall be in accordance with the 2018 International Fire Code.</p> <p>2. As the fire area of the building is greater than 12,000 square feet, the building shall be provided with an automatic fire sprinkler system or divided into fire areas in accordance with Chapter 7 of the 2018 IBC.</p>
