**From:** Sue Pyles, P.E.

Senior Staff Engineer

**Application Number:** PL2020121

**Application Type:** Engineering Plan Review

**Application Name:** STREETS OF WEST PRYOR - SOUTH DETENTION BASIN ADJUSTMENTS

---

The Development Services Department has received payment in the amount of \$853.65 for the engineering plan review and inspection fee and therefore approves the engineering plans dated and sealed on May 11, 2020 for the above referenced project. These plans were initially received by our department on April 23, 2020. The following conditions must be satisfied prior to the start of construction.

- 1. Contact Development Services Inspections (816) 969-1200 at least 48 hours prior to the onset of construction.**
2. Any public improvements will require a set of record drawings. One (1) full-size (24"x36") set of records drawings (including the As-graded Master Drainage Plan) shall be submitted initially for review. The final submittal will require a complete set in a multi-page Portable Document Format (pdf).
3. Note that any improvements installed over City utilities or within City easements will not be repaired or replaced if future utility maintenance is required, including, but not limited to, pavement, curbing and guttering, landscaping, trees, shrubs, or other items.

Please contact me if you have any questions or comments.

Sincerely,

Sue Pyles, P.E.

Senior Staff Engineer
