From: Sue Pyles, P.E.

Senior Staff Engineer

Application Number: PL2019333

Application Type: Engineering Plan Review

Application Name: PARAGON STAR - PUBLIC OFF-SITE WATER MAIN EXTENSION

The Development Services Department has received payment in the amount of \$37,077.63 for the engineering plan review and inspection fee and therefore approves the engineering plans dated and sealed on July 6, 2020 for the above referenced project. These plans were initially received by our department on September 27, 2019. The following conditions must be satisfied prior to the start of construction.

- 1. Contact Development Services Inspections (816) 969-1200 at least 48 hours prior to the onset of construction.**
2. Prior to issuance of a Certificate of Substantial Completion, all MDNR-required close-out documents shall be submitted to the MDNR by the applicant. Evidence that these documents have been submitted to the MDNR include: 1) an email from the engineer stating that the documents have been submitted, and 2) a copy of the documents submitted to the MDNR.
3. Any public improvements will require a set of record drawings. One (1) full-size (24"x36") set of records drawings (including the As-graded Master Drainage Plan) shall be submitted initially for review. The final submittal will require a complete set in a multi-page Portable Document Format (pdf).
4. Note that any improvements installed over City utilities or within City easements will not be repaired or replaced if future utility maintenance is required, including, but not limited to, pavement, curbing and guttering, landscaping, trees, shrubs, or other items.
5. This water main extension is running through an area of future development. When that area is developed, the water main will need to be located as required in the Design and Construction Manual. If the line does not meet those requirements, it will need to be relocated. If required, relocation will be the responsibility of the development.

Please contact me if you have any questions or comments.

Sincerely,

Sue Pyles, P.E.
