Analysis of Commercial Preliminary Development Plan:

Planning Review	Jennifer Thompson (816) 969-1239	Planner Jennifer.Thompson@cityofls.net	Corrections
------------------------	-------------------------------------	---	-------------

1. The following comment was not addressed from the previous staff comment letter:

The approved elevations for 617 SE 6th Street calls out stucco for the majority of the structure. The submitted elevations call out LP siding. Since the property is within a planned district the submitted/approved elevations as part of this process will have to be adhered to once the building permit is submitted. If both are an option, please revise the elevations to indicate as such. Also, please label/call out the brick material. Also provide color options for the siding and the brick areas.

2. FYI.

A minor plat is required to be submitted, reviewed, approved, and recorded with Jackson County prior to the issuance of a building permit for 621 SE 6th St./Lot 13B.

3. Right-of-Way cannot be dedicated through a minor plat. The ROW will need to be dedicated by separate document. Please provide this documentation for staff review. The ROW should be dedicated prior to the recording of the plat and shall be referenced on the minor plat.
