Excise Tax

On April 1, 1998, an excise tax on new development for road construction went into effect. This tax is levied based on the type of development and trips generated. If you require additional information about this development cost, as well as other permit costs and related fees, please contact the Development Services Department at (816) 969-1200.

Review Status:

Revisions Required: One or more departments have unresolved issues regarding this development application. See

comments below to determine the required revisions and resubmit to the Development Services Department.
Resubmit

one (1) digital copy following the electronic plan submittal guides as stated above. Revised plans will be reviewed within five (5) business days of the date received.

1. Please show and label all current easements throughout the plan set. Please note that some of the easements shown on the Final Plat included in the plans have been vacated.
2. Please show the existing water line crossing NW Lowenstein Drive throughout the plan set, not just on Sheet C5.0.
3. Sheet C5.0:
 - Please locate the water meters in the utility easement within 1' of the easement line, as required by Design and Construction Manual Section 6901.L.1.
 - Please locate the backflow prevention vault within 5' of the utility easement line, on the private side, as required by Design and Construction Manual Section 6901.I.3.
 - Revise Utility Note 9 to specify Type "K" Copper material at least 10 feet beyond the water meter.
4. Sheet C10.0: The geogrid specified in the asphalt pavement details isn't on the current Public Works Approved Products List. Please revise.
5. Sheet C14.0: Please relocate the irrigation water source label leader, it appears to be pointing to the wrong location.
6. Estimate:
 - Include erosion and sediment control items.
 - Please verify the water service line quantity.
