In the event the City or other government agency with jurisdiction and authority requires specific building materials not authorized above or requires that Owners have additional choices of building materials not authorized above, the Approving Party shall have the right, in its absolute discretion, to establish and regulate in writing the specific types, colors and other aesthetic features of such new or additional building materials.

(g) The Developer, in its discretion, may allow variances from the foregoing requirements of this Section 3.

4. Minimum Floor Area.

(a) No residence shall be constructed upon any Single Family Lot unless it has a total finished floor area of at least 2,000 square feet for a two story residence, 1,600 square feet for a ranch style residence, 2,200 square feet for a one and a half story residence, and 2,200 square feet for a reverse one and a half story residence (1,500 square feet on the main floor and 700 square feet downstairs).

(b) No residence shall be constructed on a Twin Villa Lot unless it has a total finished floor area of at least 1,000 square feet on the main floor (2,000 total for the two unit building).

(d) Finished floor area shall exclude any finished attics, garages, basements (other than in a reverse one and one-half story residence) and similar habitable areas. The Developer, in its absolute discretion, may allow variances from the minimum square footage requirement.

5. Approval of Plans; Post-Construction Changes; Grading; Erosion Control.

(a) Notwithstanding compliance with the provisions of Sections 3 and 4 above, no residence or Exterior Structure may be erected upon or moved onto any Lot unless and until the building plans, specifications, exterior materials, location, elevations, plot plan, lot grading plan, general landscaping plan, and exterior color scheme (all as and when may be required by the Developer for each particular stage of construction) have been submitted to and approved in writing by the Developer or, in the case of Exterior Structures to the extent provided in Section 8 below, the Architectural Committee, in each case as to architectural consistency and other aesthetic factors. No change or alteration in such approved building plans, specifications, exterior materials, location, elevations, lot grading plans, general landscaping plans or exterior color scheme shall be made unless and until such change or alteration has been submitted to and approved in writing by the Developer or the Architectural Committee, as the case may be.

(b) Following the completion of construction of any residence or Exterior Structure, no significant landscaping change, significant exterior color change or exterior addition or alteration shall be made thereto unless and until the change, addition or alteration has been submitted to and approved in writing by the Architectural Committee. All replacements of all or any portion of a completed structure because of age, casualty loss or other reason, including, without limitation, roofs and siding, shall be of the same materials, colors, location and elevation as the original structure unless and until the changes thereto have been submitted to and approved in writing by the Architectural Committee.

(c) All final grading of each Lot shall be completed by the Owner in connection with construction of the residence and shall be in accordance with any master grading plan approved by the City, any related grading plan furnished by the Developer for the development phase containing the Lot and any specific site grading plan for the Lot approved by or for the Developer. No landscaping, berms, fences or other structures shall be installed or maintained that impede the flow of surface water. Water from sump pumps shall not be directed toward adjacent Lots. No changes in the final grading or drainage of any Lot shall be made by or for the Owner without the prior written approval of the Approving Party and (if required) the City. The Developer shall have no liability or responsibility to any builder, Owner or other party for the failure of a builder or Owner

to final grade or maintain any Lot in accordance with the master grading plan or any approved lot grading plan or for the Developer not requiring a lot grading plan or compliance therewith or for the quality or composition of any soil or subsurface material. The Developer does not represent or guarantee to any Owner or other person that any grading plan for the Lots which the Developer or any engineer or other party may approve or supply shall be sufficient or adequate or that the Lots will drain properly or to any Owner's or other person's satisfaction.

(d) During the construction of the residence and improvements on such Lot and until the Lot is completely established with grass, the Owner, at its expense, shall install and properly maintain hay bales, silt fencing and such other erosion and silt control devices as are necessary or required by law to prevent stormwater runoff from the Lot depositing silt or other debris onto adjacent Lots, Common Areas and streets. In connection therewith, the Owner shall comply with all Federal, state and local governmental laws, regulations and requirements, with all applicable permits, and with all requirements imposed by the Developer, including, without limitation, preparation of inspection reports, and the Owner shall be responsible for any and all governmental fines and assessments that may be levied or assessed as a result of a failure of the Owner to so comply.

(e) All site preparation, including, but not limited to, tree removal, excavation, grading, rock excavation/removal, hauling, and piling, etc., shall be at the sole expense of the Owner or builder. All removed trees and excavated rock, etc., shall be removed from the Subdivision and shall not be spoiled within the Subdivision, except as expressly approved by the Developer.

(f) All building plans and plot plans shall be designed to minimize the removal of existing trees. Developer does not warrant or guarantee the present or future condition of any trees. Developer shall have no liability for any damage that may have occurred to trees in connection with the development of the Lots and surrounding areas.

(g) Approval of plans or specifications by the Developer or any other Approving Party is not, and shall not be deemed to be, a representation or warranty that such plans or specifications comply with good engineering/architectural practices or any governmental requirements.

(h) Neither the sale of a Lot by the Developer to a particular builder nor the inclusion of a particular builder on a list of builders building in the area or on a list of approved builders constitutes a representation, endorsement or guaranty by the Developer or any real estate broker/salesperson of the financial stability, qualifications, work or any other matter relating to such builder. Neither the Developer nor any real estate broker/salesperson guarantees or warrants the obligations or construction by any builder.

6. Set Backs. The Developer shall have the right to establish, in its discretion, the setback lines for a specific Lot, to the extent they are greater than the minimum setbacks required by the City.

7. Commencement and Completion of Construction. Unless the following time periods are expressly extended by the Developer in writing, construction of the residence on a Lot shall be commenced (meaning digging of the foundation) within six (6) months following the date of delivery of a deed from the Developer to the first purchaser of such Lot and shall be completed within twelve (12) months after such construction commencement. In the event such construction is not commenced within such six (6) month period (or extension thereof, if any), the Developer shall have, prior to commencement of construction, the right (but not the obligation) to repurchase such Lot from the Owner, free and clear of all deeds of trust, mechanic's liens and similar liens, for an amount equal to 95% of the sale price of the Lot from the Developer to the first purchaser thereof. If such repurchase right is exercised by the Developer, the Owner of the Lot in violation of this construction commencement provision shall not be entitled to reimbursement for taxes, insurance, interest or other expenses paid or incurred by or for such Owner and all taxes and installments of special assessments shall be prorated between Developer and the Owner as of the closing of the repurchase by Developer.

8. Exterior Structures.

(a) No Exterior Structure shall be erected upon, moved onto or maintained upon any Lot except (i) strictly in accordance with and pursuant to the prior written approval of the Architectural Committee as to the applicable building plans, specifications, exterior materials, location, elevations, lot grading plans, landscaping plans and exterior color scheme and (ii) in compliance with the additional specific restrictions set forth in subsection (b) below or elsewhere in this Declaration. Notwithstanding the foregoing sentence, the approval of the Architectural Committee shall not be required for (I) any Exterior Structure erected by or at the request of the Developer or (II) any Exterior Structure that (A) has been specifically approved by the Developer prior to the issuance of a temporary or permanent certificate of occupancy as part of the residential construction plans approved by the Developer and (B) has been built in accordance with such approved plans. Compliance with the specific requirements or restrictions set forth in subsection (b) below or elsewhere in this Declaration shall not automatically entitle an Owner to install or maintain any specific Exterior Structures, and the Approving Party, in its discretion, shall always have the right to additionally regulate, prohibit, condition or otherwise restrict any Exterior Structure notwithstanding such otherwise compliance.

(b)

(i) No fence and privacy screen may be installed unless and until an application containing such information as may be required by the Approving Party has been submitted to and approved in writing by the Approving Party. No fence shall be installed without a permit from the City (where required) and compliance with all applicable laws and codes. Only black wrought iron (or similar metal) fences or privacy screens in the specific styles, materials and colors approved by the Developer shall be permitted on the Lots (except as provided below for the Twin Villa Lots). All fences, retaining walls and privacy screens shall be ornamental and shall not disfigure the property or the neighborhood or interfere with drainage. All fences and privacy screens shall be constructed with a finished side facing outward. No wood, chain link, wire or similar fence shall be

permitted. No fence may be installed in any landscape easement unless installed by or for the Developer or the Master Homes Association. Each perimeter fence on a Villa Lot or a Twin Villa Lot must include a five (5) feet wide gate. Unless and until otherwise specifically approved in writing by the Approving Party, (A) no fence or privacy screen shall exceed four (4) feet in height, except that fences on Twin Villa Lots in the area between adjacent patios may be up to six (6) feet in height and must be made of vinyl, (B) no fence or privacy screen shall be constructed or maintained on any Lot nearer to the front street than the rear corners (as determined by the Approving Party) of the residence, (C) no fence shall be constructed or maintained on any Lot more than one foot from the property line of the Lot, except to the extent necessary for such fence to abut the residence and except for fences around swimming pools, hot tubs and patio areas, and (D) all fences (except for fences around swimming pools, hot tubs and patio areas) must be joined to or abutting any previously existing fences on adjacent Lots. If a swimming pool is to be installed, a fence around the perimeter of the pool area may be up to six (6) feet in height and must be black wrought iron (or similar metal) materials.

(ii) All basketball goals shall be permanently installed, free standing and not attached to the residence. All backboards shall be transparent and all poles shall be black. There shall be only one basketball goal per Lot. No "homemade" backboards or poles shall be permitted. The Board shall have the right to establish reasonable rules regarding the hours of use of basketball goals and any such rules shall be binding upon all of the Lots and the Owners.

(iii) All recreational or play structures must be approved in advance by the Approving Party and (if allowed) (A) shall be made of materials approved in writing by the Approving Party, (B) (other than basketball goals) shall be located behind the rear corners (as determined by the Approving Party) of the residence and (C) (other than basketball goals) shall be located at least ten (10) feet from each side boundary and at least ten (10) feet from the rear boundary of the Lot.

(iv) No aboveground type swimming pools shall be permitted. All swimming pools shall be fenced and all hot tubs shall be fenced or otherwise adequately screened, all in accordance with City requirements and the other provisions of the Declaration. (c) No fence, wall or other Exterior Structure installed by or for the Developer or Master Homes Association anywhere in the Subdivision may be removed or altered by any Owner or other person without the prior written consent of the Approving Party.

9. Buildings or Uses Other Than for Residential Purposes; Noxious Activities; Miscellaneous Use Restrictions.

(a) Except as otherwise provided in Section 2 above, no residence or Exterior Structure, or any portion thereof, shall ever be placed, erected or used for business, professional, trade or commercial purposes on any Lot; provided, however, that this restriction shall not prevent an Owner or occupant from maintaining an office area or operating a home-business occupation in his residence in accordance with the applicable ordinances of the City so long as the residential character of the area is maintained.

(b) No illegal, noxious or offensive activity shall be carried on with respect to any Lot; nor shall any trash, ashes, grass clippings, leaves, or other refuse be thrown, placed or dumped upon any Lot or Common Area; nor shall anything be done which may be or become an annoyance or a nuisance to the Subdivision, or any part thereof, except as may be otherwise expressly permitted by this Declaration. The foregoing shall not be construed to limit or restrict the rights or powers of the Developer or the Master Homes Association under this Declaration.

(c) Each Owner shall properly maintain his Lot in a neat, clean and orderly fashion. The exterior portions of the residence and all Exterior Structures on the Lot (including, without limitation, any fence that may have been installed by or for the Developer) shall be kept and maintained by the Owner in good condition and repair at all times. Each residence exterior shall be repainted by the Owner, as needed. Any significant exterior color change must be approved in advance in accordance with Section 5(b) above.

(d) Unlicensed, unregistered or inoperative motor vehicles are prohibited, except in an enclosed garage and except for golf carts so long as the driver is a licensed driver.

(e) Overnight parking of motor vehicles, boats, trailers, buses, campers, or similar apparatus of any type or character in public streets, Common Areas or vacant lots is prohibited. Motor vehicles shall be parked overnight in garages or on paved driveways only. Except as provided in subsection (g) below, no vehicle (other than an operable passenger automobile, passenger van or small truck), commercial truck or van, bus, boat, jet-ski, trailer, camper, mobile home, or similar apparatus shall be left or stored overnight on any Lot, except in an enclosed garage.

(f) Trucks or commercial vehicles with gross vehicle weight of 12,000 pounds or over are prohibited in the Subdivision except during such limited time as such truck or vehicle is actually being used in the Subdivision during normal working hours for its specific purpose.

(g) Recreational motor vehicles of any type or character are prohibited except:

- (i) When stored in an enclosed garage;
 - (ii) When temporarily parked on the driveway for the purpose of loading and unloading (maximum of twenty-four (24) hours every fourteen (14) days); or
 - (iii) With prior written approval of the Approving Party.
- (h) No television, radio, citizens' band, short wave or other antenna, clothes line or pole, or other unsightly projection shall be attached to the exterior of any residence or erected in any yard. Should any part or all of the restriction set forth in the preceding sentence be unenforceable because it violates a statute or the First Amendment or any other provision of the United States Constitution, the Approving Party shall have the right to establish rules and regulations regarding the location, size, landscaping and other aesthetic aspects of such projections so as to reasonably control the impact of such projections on the Subdivision, and all parts thereof, and any such rules and regulations shall be binding upon all of the Lots. Notwithstanding any provision in this Declaration to the contrary, small satellite dishes may be installed, with the prior written consent and in accordance with the requirements of the Approving Party, so as to render the installation as inoffensive as possible to other Owners.
- (i) No solar panels may be installed without the prior written consent of the Approving Party. Should any part or all of the restriction set forth in the preceding sentence be unenforceable because it violates a statute or any provision of the United States Constitution or the Missouri Constitution, the Approving Party shall have the right to establish rules and regulations regarding the location, size, and other aesthetic aspects of solar panels so as to reasonably control the impact of such solar panels on the Subdivision, and all parts thereof, and any such rules and regulations shall be binding upon all of the Lots.
- (j) No artificial flowers, trees or other vegetation shall be permitted on the exterior of any residence or in the yard. Sculptures, bird baths, bird feeders, fountains, yard art, and similar decorative objects are allowed on the exterior of the residence or in the yard only with the specific written approval of the Approving Party.
- (k) Exterior holiday lights shall be permitted only between November 1 and January 31 and may not remain on the residence or any trees or bushes on the Lot during any other period. Except for such holiday lights, all exterior lighting shall be white (clear) and not colored.
- (l) No garage sales, sample sales, estate sales or similar activities shall be held within the Subdivision without the prior written consent of the Board.
- (m) No speaker, horn, whistle, siren, bell or other sound device shall be located, installed or maintained upon the exterior of any residence or in any yard, except intercoms, devices used exclusively for security purposes, and stereo speakers used in accordance with any rules specified by the Board.

(n) All residential service utilities shall be underground, except with the approval of the Developer.

(o) In the event of vandalism, fire, windstorm or other damage, no residence or Exterior Structure shall be permitted by the Owner to remain in damaged condition for longer than three months after the date of the damage (except with the specific written consent of the Approving Party) and the Owner shall cause the residence to be rebuilt in all events within six (6) months after the date of the damage (except with the specific written consent of the Approving Party).

(p) No shed, barn, detached garage or other storage facility shall be erected upon, moved onto or maintained upon any Lot. No temporary storage pod or container may remain on any Lot (other than in an enclosed garage) for more than ten (10) consecutive days or more than fifteen (15) days in any three (3) month period.

(i) One sign not more than three feet high and/or three feet wide may be maintained offering the residence for sale or lease. For newly constructed homes offered for sale, only a real estate brokerage company sign (which may include a rider identifying the builder), and not also a separate sign for the builder, may be used if a real estate brokerage company is involved.

(ii) One garage sale sign not more than three feet high and/or three feet wide is permitted on the Lot when a permitted garage sale is being held, provided such signs are erected in accordance with City code and are installed no more than two hours before the start of the sale and are removed within two hours after the close of the sale.

(iii) One political sign per candidate or issue not more than three feet high or three feet wide is permitted on the Lot for up to three weeks before the election but must be removed within 24 hours after the election.

(iv) Small school-related activities signs may be maintained near the residence while the student is residing in the residence. Event celebration signs ("new baby", "graduation", etc.) may be maintained for up to seven (7) days.

Without limiting the foregoing, no sign shall be permitted which (A) describes the condition of the residence or the Lot, (B) describes, maligns, or refers to the reputation, character or building practices of the Developer, any builder, any realtor, or any other Owner, or (C) discourages or otherwise impacts or attempts to impact a party's decision to acquire a Lot or residence in the Subdivision. In the event of a violation of the foregoing provisions, the Developer and/or the Master Homes Association shall be

entitled to remove any such offending sign, and in so doing, shall not be subjected to any liability for trespass, violation of constitutional or other rights, or otherwise. If these limitations on the use of signs, or any part thereof, are determined to be unlawful, the Board shall have the right to regulate the use of signs in a manner not in violation of law.

(s) No sign (other than community marketing signs approved by the Developer) shall be placed or maintained in any Common Area without the approval of the Approving Party.

(t) No trash, refuse, or garbage can or receptacle (other than construction dumpsters during construction) shall be placed on any Lot outside a residence, except for the evening of the day before the scheduled pick-up day until twelve (12) hours after actual pick up and except for grass bags placed in the back or side yard pending next regularly scheduled trash collection.

(u) Garage doors shall remain closed at all times except when necessary for ingress and egress.

(v) No residence or part thereof shall be rented or used for transient or hotel purposes, which are defined as: (i) rental of less than three months duration or under which occupants are provided customary hotel services such as room service for food and beverages, maid service, and similar services; or (ii) rental to roomers or boarders, (i.e., rental to one or more persons of a portion of a residence only). No lease may be of less than an entire residence. Each lease shall be in writing, shall require that the tenant and other occupants acknowledge the existence of this Declaration and agree to comply with all provisions of this Declaration, shall provide that the lease shall be subject in all respects to the provisions of this Declaration and to the rules and regulations promulgated from time to time by the Board, and shall provide that the failure by the tenant to comply with the terms of this Declaration or such rules and regulations shall be a default under the lease. In the event a tenant fails to comply with the terms of this Declaration or such rules and regulations, the Owner shall, if so directed by the Board and to the extent permitted by law, terminate the lease and evict the tenant. Prior to the commencement of the term of a lease, the Owner shall notify the Board, in writing, of the name or names of the tenant or tenants and the time during which the lease term shall be in effect. Notwithstanding the existence of a lease, the Owner shall remain liable for all obligations under this Declaration with respect to the Lot and the improvements thereon and the use thereof and the Common Areas, and the Owner shall cause the rented property to be maintained to the same general condition and standards as then prevailing for the Owner-occupied residences in the Subdivision.

(w) Each of the Developer and the Master Homes Association may enforce the foregoing restrictions and other provisions of this Declaration by establishing, levying and collecting monetary fines and other enforcement charges, having vehicles, trailers or other apparatus towed away at the Owner's expense, or taking such other lawful actions as the Developer or the Master Homes Association, in its sole discretion, deems appropriate.

10. Animals. No animals of any kind shall be raised, bred, kept or maintained on any Lot except that dogs, cats and other common household pets may be raised, bred, kept or maintained so long as (a) they are not raised, bred, kept or maintained for commercial purposes, (b) they do not constitute a nuisance and (c) the City ordinances and other applicable laws are satisfied. Bees, cows, horses, swine, goats, sheep, poultry, other domesticated farm animals, undomesticated (wild) animals, exotic animals, and animals requiring special permits from any government authority are prohibited. All pets shall be confined to the Lot of the Owner except when on a leash controlled by a responsible person. Owners shall immediately clean up after their pets on all streets, Common Areas and Lots owned by others.

11. Lawns, Landscaping and Gardens. Within 60 days after the issuance of any permanent or temporary certificate of occupancy for the residence, all lawns, including all areas between the residence and any adjacent street, regardless of the existence and location of any fence, monument, boundary wall, berm, sidewalk or right-of-way line, shall be fully sodded and shall remain fully sodded at all times thereafter; provided, however, that the Owner of a Lot may leave a portion of the Lot as a natural area with the express written permission of the Approving Party. No lawn on a Lot shall be planted with zoysia or buffalo grass.

Within 60 days after the issuance of any permanent or temporary certificate of occupancy for the residence, the Owner thereof shall landscape the Lot to the same standards as that generally prevailing throughout the Subdivision for Lots of a similar class (as determined by the Developer). All landscaping shall be installed in accordance with the landscaping plans approved by the Developer and shall be maintained by the Owner in good condition at all times.

All vegetable gardens shall be located behind the rear corners of the residence (as determined by the Approving Party) and at least five feet away from the boundary of the Lot. No vegetable garden(s) shall exceed 144 square feet in size on any Lot, except with the prior written consent of the Approving Party.

Each Owner shall keep the lawn of the Lot in good condition at all times and uniformly mowed and clipped with a length of grass not to exceed four inches and reasonably free from weeds.

The Developer shall have the right (but not the obligation) to install one or more trees on each Lot. The type(s) and location(s) of tree(s) and timing of planting shall be selected by the Developer in its absolute discretion. Each Owner shall properly water, maintain and replace all trees and landscaping on the Owner's Lot (including any trees planted by or for the Developer, but excluding those in a Common Area maintained by the Master Homes Association).

12. Easements for Public Utilities; Drainage; Maintenance. The Developer shall have, and does hereby reserve, the right to locate, erect, construct, maintain and use, or authorize the location, erection, construction, maintenance and use of, drains, pipelines, sanitary and storm sewers, gas and water lines, electric and telephone lines, television cables and other utilities, and to give or grant rights-of-way or easements therefor, over, under, upon and through all easements and rights-of-way of record or shown on any recorded plat of the Subdivision or any Common Area. All utility easements and rights-of-way shall inure to the benefit of all utility companies, governmental authorities, the Developer and the Master Homes Association, for purposes of

installing, maintaining or moving any utility lines or services and shall inure to the benefit of the Developer, all Owners and the Master Homes Association as a cross easement for utility line service and maintenance.

The Developer shall have and does hereby reserve for itself and its successors and assigns and the Master Homes Association and its successors and assigns an easement over and through (i) all Common Areas for the purpose of developing, improving, and maintaining the Common Areas, and (ii) all unimproved portions of each Lot for the purpose of performing the powers and duties of the Master Homes Association, including, without limitation, maintaining the Common Areas. The Developer shall have the right to execute and record, at any time, an easement with respect to specific areas utilized as provided above.

The Developer and the Master Homes Association, through its authorized representative(s), may at any reasonable time enter any Lot, without being deemed guilty of trespass, for the purpose of inspecting the Lot and any improvements thereon to ascertain any compliance or noncompliance with the requirements and terms of this Declaration and/or any plans approved hereunder.

The Developer and the builder of the residence on the Lot shall have reasonable access to each Lot for the purpose of inspecting and maintaining erosion control devices until final stabilization of the full Lot is achieved by sodding and landscaping. No Owner shall prevent or inhibit the Developer's or the builder's reasonable access for such purpose, and no Owner shall remove or damage any erosion control devices installed by the Developer or the builder. Each Owner shall notify the builder and the Developer of any damage to such erosion control devices.

In the event any easement rights granted in this Section are exercised with respect to any Lot, the party so exercising such easement rights shall exercise the same in a reasonable manner so as to minimize all adverse effects on the Owners and shall promptly repair any damages to such Lot resulting from the exercise of such easement rights and restore the Lot to as near the original condition as possible.

No water from any roof, downspout, sump pump, perimeter basement drain or surface drainage shall be placed in or connected to any sanitary sewer line.

13. Common Areas.

(a) The Developer shall have the right (but not the obligation) to provide Common Areas for the use and benefit of the Subdivision. The size, location, nature, timing, and extent of improvements and landscaping in the Common Areas, and all other aspects of the Common Areas that are provided by the Developer, shall be determined by the Developer in its absolute discretion.

(b) The Developer and its successors, assigns, and grantees, the Owners, and the Master Homes Association shall have the right and easement of enjoyment in and to all of the Common Areas, but only for the intended and permitted use of such Common Areas.

(c) Such right and easement in favor of the Owners shall be appurtenant to, and shall automatically pass with, the title to each Lot. All such rights and easements shall be subject to the rights of any governmental authority or any utility therein or thereto.

(d) Any ownership by the Master Homes Association of any Common Area and the right and easement of enjoyment of the Owners in the Subdivision as to any Common Area shall be subject to the right of the Developer to convey sewage, water, drainage, pipeline, maintenance, electric, telephone, television and other utility easements over, under, upon and through such Common Area, as provided in Section 12 above.

(e) No Owner shall improve, destroy or otherwise alter any Common Area without the express written consent of the Approving Party.

(f) Owners of Lots adjacent or nearby the Common Areas shall prevent erosion and pollutant discharges and runoff onto the Common Areas.

(g) The following rules, regulations and restrictions shall apply to the use of the Green Areas:

(i) No automobiles, motorcycles, all-terrain vehicles, or other motorized vehicles or apparatus of any kind shall be allowed in the Green Areas except for parking in any designated parking lots and except for mowing and otherwise maintaining the Green Area.

(ii) No refuse, trash, grass clippings, leaves or debris shall be discarded or discharged in or about the Green Areas except in designated trash bins.

(iii) Access to the Green Areas shall be confined to designated areas, except that Owners of Lots adjacent to the Green Areas may have access to the area from their respective Lots (where applicable).

(h) Each of the Developer and the Master Homes Association shall have reasonable access through Lots adjacent to the Common Areas for the purposes of maintenance and improvement thereof, but any party exercising such right shall be responsible for repairing any damage caused by it to adjacent Lots in connection with the use of such access right.

(i) Each of the Developer and the Master Homes Association shall have the right from time to time to make, alter, revoke and enforce additional rules, regulations and restrictions pertaining to the use of any Common Area.

(j) Each of the Developer and the Master Homes Association, in its discretion, shall have the right to reconfigure and/or replat all or any part of the Subdivision then owned by it, including, without limitation, to make part of a Common Area tract a part of a Lot, and vice versa. In addition, each of the Developer and the Master Homes Association shall have the right to transfer to the City (but only with the

City's consent) title to or easements over all or any part of the Common Areas so that such become public areas maintained by the City.

14. Architectural Committee. There shall be an Architectural Committee for the Single Family Lots, a separate Architectural Committee for the Twin Villa Lots, and a separate Architectural Committee for the Villa Lots. The following will apply to each Architectural Committee:

(a) No more than two members of the Board shall serve on the Architectural Committee at any time. When more than one person is an Owner of any particular Lot, no more than one person from such Lot may serve on the Architectural Committee at any given time. The positions on the Architectural Committee may be divided by the Board into two classes with staggered two-year terms. The foregoing provisions of this subsection (a) shall not apply until the Turnover Date. Until the Turnover Date, the Developer or its designees shall be the Architectural Committee for each area.

(b) The Architectural Committee shall meet as necessary to consider applications with respect to any Exterior Structures that require the approval of the Architectural Committee as provided in Section 8 above and to consider any other matters within the authority of the Architectural Committee as provided in this Declaration. The Architectural Committee shall designate one or more of its members to whom applications may be delivered. The Architectural Committee may specify a form of application that must be used by applicants. A majority of the members of the Architectural Committee shall constitute a quorum for the transaction of business at a meeting and every act or decision made by a majority of the members present at a meeting at which a quorum is present shall be regarded as the act or decision of the Architectural Committee.

(c) At each meeting, the Architectural Committee shall consider and act upon written and complete applications that have been submitted to it for approval in accordance with this Declaration. In making its decisions, the Architectural Committee may consider any and all aspects and factors that the individual members of the Architectural Committee, in their discretion, determine to be appropriate to establish and maintain the quality, character and aesthetics of the Subdivision, including, without limitation, the building plans, specifications, exterior color scheme, exterior materials, location, elevation, lot grading plans, landscaping plans and use of any proposed Exterior Structure. All decisions of the Architectural Committee shall be in writing and delivered to the applicant, who shall be responsible for keeping the same. The Architectural Committee may establish in advance and change from time to time certain procedural and substantive guidelines and conditions that it intends to follow in making its decisions. The Architectural Committee shall act upon each written application complete with all required drawings and other information within 25 days after the date on which such completed application is received.

(d) After the Turnover Date, no member of the Architectural Committee may participate in approving any application which concerns such member's Lot and is submitted to the Architectural Committee. If such an application for approval is

submitted to the Architectural Committee, and the application fails to receive approval or denial, the Board shall appoint a temporary member to the Architectural Committee for the limited purpose of considering and acting upon such application.

(e) After the Turnover Date, any applicant or other person who is dissatisfied with a decision of the Architectural Committee shall have the right to appeal such decision to the Board provided such appeal is filed in writing with a member of the Board within seven (7) days after the date the Architectural Committee renders its written decision. In making its decisions, the Board may consider any and all aspects and factors that the individual members of the Board, in their discretion, determine to be appropriate to establish and maintain the quality, character and aesthetics of the Subdivision, including, without limitation, the building plans, specifications, exterior color scheme, exterior materials, location, elevation, lot grading plans, landscaping plans and use of any proposed Exterior Structure. Any decision rendered by the Board on appeal of a decision of the Architectural Committee shall be final and conclusively binding on all parties (other than the Developer) and shall be deemed to be the decision of the Architectural Committee for all purposes under this Declaration. The Board from time to time may adopt, amend and revoke rules and regulations respecting appeals of decisions of the Architectural Committee, including, without limitation, requiring payment to the Master Homes Association of a reasonable fee by the appealing party.

15. No Liability for Approval or Disapproval; Indemnification.

(a) Neither the Developer, the Master Homes Association, nor any of their officers, directors, managers, representatives or agents, nor any member of the Architectural Committee or the Board (or any committee thereof) shall be personally liable to any person for any approval, disapproval or failure to approve any matter submitted for approval, for the adoption, amendment or revocation of any rules, regulations, restrictions or guidelines or for the enforcement of or failure to enforce any of the restrictions contained in this Declaration or any other declaration or any such rules, regulations, restrictions or guidelines.

(b) If any Owner (other than the Developer) commences a lawsuit or files a counterclaim or crossclaim against the Master Homes Association, the Board, the Architectural Committee, any other committee, or any individual, director, officer or committee member, and such Owner fails to prevail in such lawsuit, counterclaim or crossclaim, the Master Homes Association, the Board, committee or individual director, officer or committee member sued by such Owner shall be entitled to recover from such Owner all litigation expenses incurred in defending such lawsuit, counterclaim or crossclaim, including, without limitation, reasonable attorneys' fees. Such recovery right shall constitute a lien against the Owner's Lot and shall be enforceable against such Lot.

(c) To the fullest extent permitted by law, the Master Homes Association shall indemnify each officer and director of the Master Homes Association, each member of the Architectural Committee, and the Developer (to the extent a claim may be brought against the Developer by reason of its appointment, removal of or control over, or failure to control, any such other persons) (each, an "**Indemnified Party**") against all expenses

and liabilities, including, without limitation, attorneys' fees, reasonably incurred by or imposed upon the Indemnified Party in connection with any action or proceeding, or any settlement thereof, to which the Indemnified Party may be a party or in which the Indemnified Party may become involved by reason of serving or having served in such capacity (or, in the case of the Developer, by reason of having appointed, removed or controlled or failed to control any officer or director of the Association), provided the Indemnified Party did not act, fail to act or refuse to act with fraudulent or criminal intent in the performance of the Indemnified Party's duties. The foregoing rights of indemnification shall be in addition to and not exclusive of all other rights to which any Indemnified Party may be entitled at law or otherwise.

16. **No Liability for Swimming Pool or Play Equipment.** By acceptance of a deed to a Lot, all Owners acknowledge and accept the inherent risks and hazards (whether foreseeable or not) associated with use of any swimming pool and any diving board and/or slide and any playground, sport court, pickleball court, or other equipment or facility that may be installed as part of the Common Areas. The Developer and the Master Homes Association and the officers, directors, managers, representatives, and agents of the Developer and the Master Homes Association shall have no liability or responsibility to any Owner or other party with respect to such inherent risks and hazards. To the maximum extent permitted by law, each Owner, for himself, the members of his family, his guests, his tenants, and invitees, shall be deemed to have released and agreed never to make a claim against the Developer, the Master Homes Association and/or any officer, director, manager, representative or agent of the Developer or the Master Homes Association for any personal injury or death that may be suffered or incurred by any of such releasing parties in connection with use of the swimming pool area or any playground area, and each of them shall be deemed to have waived any and all claims and causes of action that any of them may ever have against any of such released parties with respect thereto.

17. **No Liability for Ponds, Lakes, or Stormwater Detention Facility.** By acceptance of a deed to a Lot, all Owners acknowledge and accept the inherent risks and hazards (whether foreseeable or not) associated with any pond, lake, or stormwater detention facility that is part of the Common Area. The Developer and the Master Homes Association and the officers, directors, managers, representatives and agents of the Developer and the Master Homes Association shall have no liability or responsibility to any Owner or other party with respect to such inherent risks and hazards. To the maximum extent permitted by law, each Owner, for himself, the members of his family, his guests, his tenants, and invitees, shall be deemed to have released and agreed never to make a claim against the Developer, the Master Homes Association and/or any officer, director, manager, representative or agent of the Developer or the Master Homes Association for any personal injury or death that may be suffered or incurred by any of such releasing parties in connection with use of any stormwater detention facility, and each of them shall be deemed to have waived any and all claims and causes of action that any of them may ever have against any of such released parties with respect thereto.

18. **Potential View Obstruction.** No Owner has any right to an unobstructed view beyond the boundaries of the Owner's Lot. No Owner shall be entitled to prevent the construction or location of any structure, trees, landscaping or other item on any other part of the

Subdivision, where otherwise permitted by this Declaration, because such structure, trees, landscaping or other item obstructs any view from the affected Lot.

19. Covenants Running with Land; Enforcement; Waivers. The agreements, restrictions, reservations and other provisions herein set forth are, and shall be, covenants running with the land and shall be binding upon all subsequent grantees of all parts of the Subdivision. The Developer, and its successors, assigns and grantees, and all parties claiming by, through or under them, shall conform to and observe such agreements, restrictions, reservations and other provisions; provided, however, that neither the Developer, the Master Homes Association nor any other person or entity shall be obligated to enforce any such agreements, restrictions, reservations or other provisions. By accepting a deed to any of the Lots, each future grantee of any of the Lots shall be deemed to have personally consented and agreed to the agreements, restrictions and reservations set forth herein as applied to the Lot owned by such Owner.

Each of the Developer and the Master Homes Association and each Owner shall have the right (but not the obligation) to sue for and obtain an injunction, prohibitive or mandatory, to prevent the breach of, or to enforce the observance of, the agreements, restrictions, reservations and other provisions set forth in this Declaration, in addition to pursuing an action at law for damages. To the maximum extent permitted by law, if the Developer or the Master Homes Association files such court action and is successful in obtaining a judgment or consent decree in such court action or otherwise obtaining compliance by the breaching party, the Developer and/or Master Homes Association shall be entitled to receive from the breaching party, as part of the judgment or decree or any dismissal or settlement, the actual legal fees, costs and expenses incurred by the Developer and/or Master Homes Association with respect to such action.

To the extent permitted by law, the Board of Directors of the Association may also enforce all of the foregoing agreements, restrictions, reservations and other provisions of this Declaration by establishing, levying and collecting reasonable monetary fines for violation thereof.

Whenever the Developer or the Board determines that a violation of this Declaration has occurred and is continuing with respect to a Lot, the Developer and the Master Homes Association may (but is not obligated to) enter the Lot to correct the violation, and, in addition or in lieu thereof, may file with the Recording Office a certificate setting forth public notice of the nature of the breach and the Lot involved.

No delay or failure by any person or entity to exercise any of its rights or remedies with respect to a violation of this Declaration shall impair any of such rights or remedies; nor shall any such delay or failure be construed as a waiver of that or any other violation.

In addition to the specific provisions of this Declaration that allow the Developer to make certain decisions or give permission for certain matters, the Developer or the Master Homes Association (acting through the Board) may, under special situations or circumstances as determined by it, allow variances or waivers of the requirements or terms set forth in this Declaration. Any such variation or waiver so granted by the Developer or the Master Homes

Association shall not constitute a waiver of such requirement or term in any other situation or under any other circumstances.

No waiver of any violation shall be effective unless in writing and signed and delivered by the person or entity entitled to give such waiver, and no such waiver shall extend to or affect any other violation or situation, whether or not similar to the waived violation. No waiver by one person or entity shall affect any rights or remedies that any other person or entity may have; provided, however, that a duly authorized, executed and delivered waiver by the Master Homes Association, acting upon a decision of the Board, respecting a specific violation or potential violation of this Declaration with respect to a specific Lot shall constitute and be deemed as a waiver by all other persons and entities (other than the Developer) of such violation or potential violation.

In accordance with applicable law, the Master Homes Association may adopt reasonable rules, regulations, restrictions, policies, guidelines, and procedures, including, without limitation, the establishment and imposition of monetary fines, regarding (i) the use of the Common Areas and the personal conduct of the members and their guests thereon, (ii) the implementation of provisions set forth in this Declaration or in any other applicable recorded declaration or document applicable to the Subdivision (or any part thereof), (iii) the establishment and enforcement of construction and design criteria and aesthetic standards, or (iv) the regulation of behavior which violates this Declaration or any other applicable recorded declaration or document applicable to the Subdivision (or any part thereof) or which adversely affects the use and enjoyment of other properties or the Common Areas.

20. Relationship to City Ordinances. The provisions of this Declaration shall be valid and enforceable even if such provisions are more restrictive than the City's ordinances or other applicable laws. The parties entitled to enforce this Declaration shall also have the right to enforce, in a private civil action under this Declaration, all City ordinances and other laws that are applicable to the Subdivision, even if the City or other applicable governmental authority chooses not to enforce the same. All such City ordinances and other applicable laws that are in effect from time to time shall be automatically incorporated into this Declaration by this reference.

21. Party Walls and Related Matters. The following shall apply whenever the two attached residential units on adjoining Twin Villa Lots do not have the same Owner:

(a) The boundary line between the two attached residential units on adjoining Twin Villa Lots will be the center line of the wall dividing the two units (the "**Wall**"), notwithstanding the fact that the boundary line shown upon any Plat or survey creating such Lots may not be located precisely upon said center line of the Wall. The Owner of each such Lot from time to time shall have the full rights of ownership, use and occupancy of the residence located primarily upon such Lot and the Owner of one unit shall not have any right, title or interest in any part of the unit located primarily upon the other Lot.

(b) Subject to the provisions of subsections (e) and (f) below, the Owners of the attached units from time to time shall, at their sole cost and expense, make all repairs

and perform all maintenance required upon the surface and non-structural elements of the portion of the Wall which serves as an interior wall of the living unit owned by such Owner; provided, however, that if and to the extent that any such repairs or maintenance are necessitated by reason of the negligence or wrongful act of one Owner or such Owner's tenants, agents, employees, guests or invitees, then, subject to the provisions of subsection (f) below, such repairs or maintenance shall be made and performed at the sole cost and expense of the Owner whose (or whose tenant's, agent's, employee's, guest's or invitee's) negligence or wrongful act necessitated such repairs or maintenance.

(c) Subject to the provisions of subsections (e) and (f) below, the Owners of the attached units from time to time shall make or cause to be made all repairs and maintenance to all utilities to the extent common to both units, including, but not limited to, water, electrical and other applicable utilities and to the structural elements of the Wall, with the cost of such repairs or maintenance to be paid one-half (1/2) by the Owner of each unit; provided, however, that if and to the extent that any such repairs or maintenance are necessitated by reason of the negligence or wrongful act of one Owner or such Owner's tenants, agents, employees, guests or invitees, then, subject to the provisions of subsection (f) below, such repairs or maintenance shall be made and performed at the sole cost and expense of the Owner whose (or whose tenant's, agent's, employee's, guest's or invitee's) negligence or wrongful act necessitated such repairs or maintenance. If an Owner shall refuse or fail to pay its share of such costs, the other Owner may pay such amount and be entitled to a lien against the other Owner's unit as provided in subsection (i) below. Residents of each Twin Villa shall not park on their neighbors' side of the shared driveway. Driveway maintenance shall be at the expense of the owner of the Twin Villa.

(d) Any and all repairs and maintenance which either Owner or both Owners jointly shall be required to perform hereunder or shall elect to perform shall be done in a good and workmanlike manner and in full compliance with all laws, ordinances, statutes, rules and regulations of any federal, state, county or local government or governmental agency or authority. Any such repairs and maintenance, once commenced, shall thereafter be diligently pursued to completion. Each Owner shall have a reciprocal easement across the other Owner's Lot to allow reasonable access for the purpose of making inspections and performing any maintenance or repairs. Such easement rights shall be exercised in such a manner as to avoid, to the extent reasonably practicable, unnecessary interference with the use and occupancy of the other Owner's unit.

(e) Each Owner shall keep and maintain insurance coverage with respect to the portion of the building owned by such Owner and with respect to the Wall, insuring the improvements against damage or destruction by fire, lightning, wind, hail, explosion, vandalism and other hazards generally covered in the area under standard special form coverage homeowner's property insurance, in an amount equal to not less than full replacement cost. If requested by the Master Homes Association, the Master Homes Association shall be named as an additional insured on such insurance coverage and shall be provided, upon request, with a certificate of insurance evidencing such property coverage. Such insurance shall contain provisions whereby the insurer consents to the mutual waiver of liability contained in subsection (f) below. In the event of any fire or

other casualty with respect to the building or any portion thereof, the building or such portion shall be repaired or restored by the Owners according to a uniform architectural plan and finish approved by the Approving Party. The cost of such repair and restoration shall be apportioned to each Owner according to the actual cost of repair and restoration of such Owner's unit.

(f) Notwithstanding anything to the contrary herein, each Owner of attached units hereby releases the other Owner, its tenants, agents, employees, guests or invitees from all liability for damage due to any act or neglect of the other Owner, its tenants, agents, employees, guests or invitees (except as herein provided) occurring to the building which is or might be incident to or the result of a fire or any other casualty which is or would be covered by the casualty insurance policy described in subsection (e) above or which is covered by any other insurance actually maintained by the Owner or its tenants or other occupants; provided, however, that the releases herein contained shall not apply to any loss or damage occasioned by the willful act or omission of either Owner or their respective tenants, guests or invitees.

(g) Neither Owner shall have the right, except with the prior written consent of the other Owner, to (A) make any alterations or additions to the Wall or any part thereof, except non-structural interior alterations made within the living unit in the building, or (B) take any action which will adversely affect the structural integrity or sound transmission prevention qualities of the Wall. To the extent any Owner shall make any alterations or additions to the Wall, (i) such Owner shall, at its sole cost and expense, keep and maintain such alterations or additions in good condition and repair, and (ii) in the event of any fire or other casualty, the restoration and repair of such alterations or additions shall be at the sole cost and expense of such Owner.

(h) The exterior of the building of attached units shall be decorated and maintained with a uniform color(s) and uniform roofing and other materials, all of which shall be agreed upon by the two Owners and approved by the Approving Party. The expense of maintaining, repairing and replacing the roof, gutters and other exterior portions of the unit shall be borne by the Owner of such part of the building. Should there be a disagreement as to the necessity, time, manner or extent of repainting the exterior of the building or the repair, maintenance or replacement of any exterior part of the building, the Board shall resolve the dispute and if either Owner shall fail or refuse to pay its share of such expense, the other Owner may have the work done and be entitled to a lien against the defaulting Owner's Lot as provided for in subsection (i) below.

(i) Should an Owner fail or refuse to pay any costs or expenses as provided in this Section, the non-defaulting Owner shall be entitled to a lien on the Lot of the Owner so failing or refusing to pay to the extent of such costs or expenses. Payment of such costs or expenses may be enforced as a lien on such Lot through proceedings in any court in Jackson County, Missouri, having jurisdiction of suits for the enforcement of such liens. Such non-defaulting Owner may also file a certificate of nonpayment of such costs and expenses against the defaulting Owner's Lot in the Recording Office. Such liens shall continue for a period of five years from the date of nonpayment of the costs or expenses, unless suit shall have been instituted for collection of the costs or expenses, in

which case the lien shall continue until payment in full or termination of the suit against the defaulting party.

(j) No vehicle from one Twin Villa Lot shall park on the driveway of another Twin Villa Lot or on a common driveway so as to block access to another Twin Villa Lot (without the consent of the occupants of that other Twin Villa Lot). No vehicle shall be left on any driveway shared by any Twin Villa Lots so as to block the entry or exit of vehicles from another Twin Villa Lot.

(k) To the extent not inconsistent with the provisions of this Section, the laws of the State of Missouri regarding party walls shall be applicable with respect to each Wall.

22. Assignment of Developer's Rights. The Developer shall have the right and authority, by written agreement made expressly for that purpose, to assign, convey and transfer to any person(s) or entity, all or any part of the rights, benefits, powers, reservations, privileges, duties and responsibilities herein reserved by or granted to the Developer, and upon such assignment the assignee shall then for all purposes be the Developer hereunder with respect to the assigned rights, benefits, powers, reservations, privileges, duties and responsibilities. Such assignee and its successors and assigns shall have the right and authority to further assign, convey, transfer and set over the rights, benefits, powers, reservations, privileges, duties, and responsibilities of the Developer hereunder.

23. Release or Modification of Restrictions.
