

2. Request to have one parking space in front – Please see the attached two proposed options for ADA accessible spot in front.
3. Request location of other required spaces offsite such as public parking, which does have a crosswalk for safety.

We are confident we can continue to strive for reasonable accommodation to meet the requirements of the city so we can bring this needed resource to the ever-growing community in Lee's Summit. Thank you for your time and consideration.
