Hi Ryan,
Hector and I spoke this afternoon – we'll allow approval so you can proceed forward. I've attached the Applicant Letter for reference and also placed the Approved FDP Plans in the portal link below.

Please let us know if you have any other questions or comments – glad to assist.

Subject: Comments for PL2021259

Hi Hector,

I have a pending application with Lee's Summit regarding a cell tower project for AT&T, #PL2021259. I received the attached Applicant Letter with your comments.

Below is a response from our engineers regarding the repairs that were mentioned in your comments. Please let me know if you have any questions. Thank you! Ryan Adams

The signed and sealed document we sent to the jurisdiction, pages 3-13, show that the work has already been completed – date of repair. Please direct them to those pages to show that it has been completed.

Close-Out / Before and After Photos

Number items: Item #1, Item #2, Item #3..., Identify Scope of Work #1 or #2. Example: Item #1 / SOW #1, Item #2 / SOW #1, Item #

Enter brief description of item: Tower Base Grounding, Re-route Safety Climb, New Safety Climb, Grout Repair, etc.

Upload before photos to "Before" attribute. Upload as-built / after photos to "After" attribute. Use similar camera angles as much as and after photos. After may require a series of photos uploaded in order.

For all new safety climb installs; put the new safety climb manufacturer and batch / serial number in after attribute.Â

Date of Repair	12/5/20
Any Additional TIA Fixes Required	No
Description of Additional Fixes Required	n/a
New safety climb installed?	No
New Safety Climb Info: Manufacturer / Batch or Serial Number / Installed Cable Length	n/a

If they have any additional questions, please let me know.
