Good morning Hector,

It has been a while since we have circled back to this application review. We are still working with the tower owner to address the maintenance and repairs of the tower. In the meantime, I wanted to provide you with the two attached documents they sent to me a few weeks back. One is the engineer's letter stating the water tower is structurally sound and the tower owner's signed proposal with Maguire Iron for the painting. They are telling us that the work is to commence sometime between April and October of 2022. I will provide more information as I receive.

Thank you,

**Terra Henderson**
