These plans were initially received by our department on November 18, 2021. The following conditions must be satisfied prior to the start of construction.

- 1. Contact Development Services Inspections (816) 969-1200 at least 48 hours prior to the onset of construction.**
2. Contact the Right-of-Way Inspector at (816) 969-1200 prior to any land disturbance activities within the rights-of-way. These activities may require a permit.
3. Note that any improvements installed over City utilities or within City easements will not be repaired or replaced if future utility maintenance is required, including, but not limited to, pavement, curbing and guttering, landscaping, trees, shrubs, or other items.
