Woodland Oaks – Sanitary
Lee's Summit, MO

Project: Woodland Oaks 1st Plat – Public Low Pressure Sanitary Sewer System
Application Number: PL2021074
Application Type: Engineering Plan Review
Comments Dated: July 22, 2022

Engineering Review

1. Note 7 on the Cover Sheet names an epoxy supplier and series that does not meet the requirements of the most recent version of the standard specifications, Section 3500 – Sanitary Sewers, Paragraph 3501.P.10 nor is it included on the Water Utilities Department Approved Products List. **Epoxy supplier revised to meet current standards and Approved Products List.**
2. Cost estimate was missing the following item; 1) epoxy-lining of manholes, 2) connection to existing line, 3) boring costs (assuming this is separate since the linear foot cost for pipe seemed low). **Stated items have been included on revised estimate, see enclosed.**

Please forward all comments or concerns to Matthew Schlicht.
