DEVELOPMENT SERVICES

(816) 969-1237

Shannon.McGuire@cityofls.net

1. Please provide a completed application form with signatures.
2. Please provide coordinates, based on the Missouri Coordinate System 1983, on the corners of the plat boundary, the control station, station coordinates, and grid factor used in accordance with the regulations of the Missouri Department of Natural Resources.
3. Please label the lot with the area in square feet.
4. Please label the lot with the address, 3511 SW Market St.
5. Please show the location of all oil and gas wells. If none are present, please add a note stating such and cite you source of information.
6. All easements dedicated on this plat must be defined as to their use and who they are being dedicated to. See previously approve plat for approved language.
7. Language shall be added to every plat in which an easement is dedicated, stating that the grantor, on behalf of himself, his heirs, his assigns and successors in interest, hereby waives, to the fullest extent allowed by law, including, without limitation, Section 527.188 RSMo. (2006) any right to request restoration of rights previously transferred and vacation of the easements herein granted.
8. As this is a minor plat it will not go to the Mayor and Council for approval. Please replace the dedication paragraph with the following statement "This is to certify that the plat of "PLAT NAME" was submitted and duly approved by the city of lee's Summit, Missouri, pursuant to chapter 33, the Unified Development Ordinance of the City of Lee's Summit Code of Ordinances".
9. Please add signature lines for the City Engineer and Jackson County.

Corrections

1. There were several easements to be vacated as labeled on the previous plat recorded in May of 2022. What is the status of these easement vacations? If not already vacated, the new plat shall include the easements, with similar notation shown on the previous plat concerning the vacation of these easements. Please evaluate and revise as appropriate.

2. Why is Tract A not a part of the new plat?

DEVELOPMENT SERVICES

3. There was no dedication language for the easements. There were easement callouts without any specific language describing the easements that are called-out. It would appear easement dedication language similar to the previous plat recorded in May 2022 is required. Please revise as appropriate.

GIS Review

GIS Technician
Kathy.Kraemer@cityofls.net

Corrections

1. Please add the ITB (from the first plat) on the northwestern corner.
2. I don't see a signature line for the county.
