------------------------	-----------------------------------	---	-------------

1. To calculate the required parking and for my staff letter I will need the specific unit type breakdown. How many studios, 1 bedroom, 2 bedrooms & 3 bedrooms are being proposed? Please provide the unit type (1, 2, or 3 br.) for the multi-family portion of the project. The response letter provided stated this information was provided but I do not see where it is.

2. The elevations for the Lot 3 & 4 buildings are still lacking. All sides of a building shall be architecturally finished with equal levels of materials and detailing. The sides and rear elevations need to more closely match the front. Breaks in the roof line of the sides and rear need to be incorporated.
