Analysis of Residential Preliminary Development Plan:

Planning Review	Hector Soto Jr. (816) 969-1238	Senior Planner Hector.Soto@cityofls.net	Corrections
------------------------	-----------------------------------	--	-------------

1. MEMO. For ease of reference in the staff letter and approval ordinance (assuming City Council approves the subject application), and to provide clarity as to the intent of the "elevation revisions memo" provided, add a cover sheet to the memo that titles the document "Kensington Farms Design Guidebook".

2. GARAGE PROJECTION. Page 39 references that the largest garage protrusion (~10') across all of the models is found on the Fairfield model, but the elevations do not include this dimension as requested. Add a dimension label and leader to the respective side elevations to call out the protrusion as previously requested.

3. RECESSED FRONT DOOR. As previously discussed, provide the dimension/distance that the recessed front doors are located relative to the front of the living space or garage as the case may be for the respective elevations.
