

We wish to continue to do business by renting U-hauls and offering vehicles for sale to our customer base, In the same way as we did at 621 sw 3rd st. We understand that being a family owned and operated business we can not control the progress of big business which forced us to move from our previous location, where we had a special use permit. We sure hope that the planning committee and the city council will let us continue doing business and serving the Lee's Summit community.

Mike Stanton

Sec/air of Lee's Summit
