Excise Tax

On April 1, 1998, an excise tax on new development for road construction went into effect. This tax is levied based on the type of development and trips generated. If you require additional information about this development cost, as well as other permit costs and related fees, please contact the Development Services Department at 816-969-1200.

Voluntary Residential Development Surcharge

In a combined effort with both the R-4 and the R-7 School Districts the City of Lee's Summit is working together to educate the development community on a new program, the "Lee's Summit Voluntary Residential Development Surcharge." This is a program which will help raise capital to build new schools for our community. Brochures are available at the front counter of both the Development Services Department. You can also find more information on the City of Lee's Summit web site at www.cityofls.net. (For more information please contact the Board of Education at 986-2400).

Analysis of Final Plat:

Planning Review	Adair Bright (816) 969-1273	Adair.Bright@cityofls.net	Corrections
------------------------	--------------------------------	---------------------------	-------------

1. There are a few utility easements with the note "to be vacated", but we do not allow for easements to be vacated via the plat. You will need to apply for a Vacation of Easement to vacate those.
2. Include the property information for the property to the south.
3. Update the signature block.
Josh Johnson, AICP - Director of Development Services instead of "Robert G. McKay"
4. Any new easements being dedicated with this plat must be shown - utility easements, building line, detention easement, etc.
5. Remove the boundary and notes for the previously vacated Sloan Street.
6. Adjust dimension note on the west so that it does not cover the property line being shown.
7. Note the R/W width of NW Tudor Road.

GIS Plat Review	Kathy Kraemer (816) 969-1277	GIS Technician Kathy.Kraemer@cityofls.net	Corrections
------------------------	---------------------------------	--	-------------

1. Legal and dwg do not match between coord pts 13 and 14
2. Plat does not close, and there are several discrepancies between this plat and the plat "NEW LEES SUMMIT POLICE & COURT FACILITY," especially around that NE corner near Tudor and Douglas. I wonder if that affects closure, because it's way off, like 15 feet.
