1. EASEMENT VACATION AUTHORITY. The easement vacation exhibit calls out a total of five (5) easements that are proposed to be vacated. Please note that the City only has the authority to vacate Easement 1, Easement 2 and Easement 3 as identified on the easement vacation due to the fact that only those easements were granted to the City to serve as public utility easements. So the City is only able to take action on the three (3) aforementioned public utility **Noted** easements.

Easement 4 was specifically dedicated to Southwestern Bell, and Easement 5 was specifically dedicated by and between QuikTrip and the owner of the former car wash property to the north (now owned by QuikTrip) for the purpose of establishing a cross-access pedestrian and vehicular easement. Easement 4 and Easement 5 will need to be "vacated" by quit claim deed between the grantor and grantee with direct interest in those private easements.

Easement 4, waiting on release signature from Carrie Cilke. Will upload on the portal once we receive it. Easement 5 released and uploaded.

1. I cannot complete the boundary check for Easement 1, since I do not have all the drawings with stationing the legal refers to. Document # is incomplete; all modern recorded docs have the year prefix, this does not. It should be 1968I0022844. The Book and Page come up in a search, but since it is identical to this legal, I still do not have the drawings to find stationing and distances. Please provide the legal in metes and bounds from the SW corner of 6-47-31 **The document number has been updated on the drawing. Bearings & distances have also been added.**

2. For easement 3, please correct the name of the plat to QUIKTRIP BLUE PARKWAY (not Blue Park). Also, referencing that the description comes from a plat from 1996, but then putting information from a later plat from 1997 in the description is very confusing. Please remove that explainer in the beginning. If it needs to be there for your reference, it can be added as a surveyor note. **The name has been corrected.**
