1. The Engineer's Estimate of Probable Construction Costs has been accepted for this project, and the Engineering Plan Review and Inspection Fee (which is calculated as 3% of the total infrastructure cost plus a water test inspection fee, water tap and meter setup fee, and sanitary sewer impact fee for one (1) of the meters since the other is strictly for irrigation) have been included. These must be paid prior to the issuance of an infrastructure permit and/or the final processing of a building permit. \$106,852.32

2. Prior to the commencement of any construction activities, the Contractor shall contact Field Engineering Inspections at (816) 969-1200 to schedule a project coordination meeting with the assigned Field Engineering Inspector.

3. Please be aware that any future repair work to public infrastructure (e.g., water main repair, sanitary sewer repair, storm sewer repair, etc.) within public easements will not necessarily include the repair of pavement, curbing, landscaping, or other private improvements which are located within the easement.
